Safety Instruction Guide for TRIEBEL Neck Size Bushing 10.20mm 376 Swiss P

Introduction

Thank you for choosing the TRIEBEL Neck Size Bushing. This guide provides important safety instructions and guidelines to ensure the safe and effective use of this product. Please read this manual carefully before using the neck size bushing.

General Safety Guidelines

- Ensure that you use the TRIEBEL Neck Size Bushing only with compatible Triebel neck sizing dies.
- Always inspect the bushing for any signs of damage or wear before each use.
- Keep the product out of reach of children and pets to prevent accidents.
- Follow all local regulations regarding the use and handling of reloading equipment.
- Always wear appropriate safety gear, including eye protection, when using reloading tools.

Specific Safety Precautions for Use

- Do not exceed the specified diameter and caliber limits when using the bushing.
- Avoid using the bushing with incompatible cartridges, as this may lead to dangerous malfunctions.
- Ensure that the work area is clean and free from obstructions to avoid accidents during use.
- Do not force the bushing into dies; it should fit securely without excessive pressure.
- Be aware of your surroundings and ensure that no one is in the immediate area when operating reloading equipment.

Instructions for Installation and Usage

1. Installation:

- Ensure that the reloading die is securely mounted in your press.
- Remove any existing bushings from the die if applicable.
- Insert the TRIEBEL Neck Size Bushing into the die, ensuring it is properly aligned.
- Tighten the die according to the manufacturer's specifications to secure the bushing in place.

2. Usage:

- Prepare your brass cases according to standard reloading procedures.
- Adjust the die to the desired setting for neck sizing.
- Insert the brass case into the die and operate the press according to the manufacturer's instructions.
- Inspect the sized cases for uniformity and ensure they meet specifications.

Disposal Instructions

- Dispose of any damaged or unusable neck size bushings in accordance with local waste management regulations.
- Do not throw the bushing in regular household waste if it is still functional; consider recycling options where available.

Contact Information for Further Support

For any safety inquiries or further assistance regarding the TRIEBEL Neck Size Bushing, please reach out to the designated EU contact point associated with this product. Ensure you have the product details handy for a quicker response.

Conclusion

By following the safety guidelines and instructions outlined in this manual, you can help ensure a safe and effective reloading experience with the TRIEBEL Neck Size Bushing. Always prioritize safety and compliance with local regulations when using reloading equipment. Thank you for your attention to these important safety measures.
