

# RAT - Recoil Activation Trigger for LabRadar

[Shooting Accessories](#) > [Range Gear](#) > [Chronographs](#)

## RAT - Recoil Activation Trigger

The RAT is your solution when you shoot rifles that are suppressed or using muzzle brakes.

RAT is the perfect accessoire for your LabRadar that dedicates itself to counting your shots by detecting impact of the recoil.

**To produce the most accurate results the RAT is best mounted onto a place of your rifle near the merging of barrel and breech.  
The RAT logo must always be mounted facing down onto your rifle.**

# XTREME BALLISTICS RAT RECOIL ACTIVATION TRIGGER FOR LABRADAR

## Safety Instruction Guide

### Introduction

Thank you for choosing the XTREME BALLISTICS RAT Recoil Activation Trigger for LabRadar. This guide provides essential safety information to ensure the safe and effective use of the product. Please read and understand these instructions before using the RAT.

### General Safety Guidelines

- Ensure that the RAT is used only in accordance with the manufacturer's instructions.
- Always handle firearms and accessories with care and respect.
- Keep the RAT and all accessories out of reach of children and unauthorized users.
- Regularly inspect the RAT and its components for any signs of wear or damage.
- If you notice any damage, do not use the RAT and contact customer support for assistance.
- Report any unsafe products or incidents to the appropriate authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

### Specific Safety Precautions for Use

- **Hazard Awareness:**
  - The RAT is designed for use with rifles that are suppressed or equipped with muzzle brakes.
  - Improper installation or use may lead to inaccurate measurements or malfunction.
- **Installation Precautions:**
  - Ensure that the RAT is securely mounted to your rifle before use.
  - Always mount the RAT with the logo facing down to ensure proper functionality.
- **Usage Precautions:**
  - Do not expose the RAT to extreme temperatures or moisture.
  - Avoid using the RAT in environments that may interfere with its operation, such as areas with strong magnetic fields.

### Instructions for Installation and Usage

#### 1. Installation:

- Locate a suitable mounting position on your rifle near the junction of the barrel and breech.
- Use the provided housing to securely attach the RAT to your rifle.
- Ensure that the RAT logo is facing downwards.
- Attach the RAT using the 15cm Velcro straps provided for a secure fit.
- Connect the 1.5m wire to the LabRadar unit as per the LabRadar's user manual.

#### 2. Usage:

- Once installed, the RAT will detect the recoil from your shots and activate the LabRadar to count your shots.
- Regularly check the connection and functionality of the RAT during use to ensure accurate measurements.
- If the RAT does not seem to function correctly, discontinue use and inspect the device for issues.
- For the best results, ensure that the RAT is calibrated according to the LabRadar's specifications.

## **Disposal Instructions**

- Dispose of the RAT and its components in accordance with local regulations.
- Do not dispose of electronic components in regular household waste.
- Consider recycling options for electronic waste to minimize environmental impact.

## **Contact Information for Further Support**

For assistance or inquiries regarding the XTREME BALLISTICS RAT Recoil Activation Trigger, please refer to the manufacturer's website or contact customer support.

By following these safety instructions, you help ensure a safe and enjoyable experience while using the XTREME BALLISTICS RAT with your LabRadar. Thank you for your attention to safety!
