

Rem700 Diamond - Right - No bolt release - Traditional Curved (PVD Black)

[Rifle Parts](#) > [Triggers Parts](#) > [Triggers](#)

Material Details

1. Housing: 7075 Aluminum (anodized)
2. Key Components: 440C Stainless Steel
3. PVD Black – PVD stands for Physical Vapour Deposition. It is a hard and durable coating that is applied to external stainless components to give them a clean black color.

Description

The first Rem 700 Diamond Trigger was shown at the 2017 NRA Show. Since then TriggerTech has worked with the K&M Shooting Team and several leading R700 Clone action manufacturers to refine the product. The diamond will make you aware of the creep that exists in other triggers. Due to the exceptionally crisp break, most shooters report the pull weights feeling significantly lighter than a friction based trigger of the same measured weight. Five of the critical Diamond components are assembled as matched set to enable a true zero-creep break, extremely short overtravel and offers outstanding reliability, even in the harshest environments. Frictionless Release Technology™, along with hardened 440C stainless steel internal components ensure corrosion resistance and an extended service life. As Frictionless Release Technology™ does not rely on coating, polishing or lubricating the key engagement surfaces, trigger pulls will be more consistent from shot to shot and after thousands of shots more than you ever thought possible.

TRIGGERTECH REM700 DIAMOND RIGHT NO BOLT RELEASE TRIGGER Safety Instruction Guide

Introduction

Thank you for purchasing the TRIGGERTECH REM700 DIAMOND RIGHT NO BOLT RELEASE TRIGGER. This guide provides essential safety instructions and guidelines to ensure the safe use of your trigger. Please read this manual carefully before use.

General Safety Guidelines

- Ensure the trigger is used only with compatible firearms and in accordance with the manufacturer's recommendations.
- Always treat the trigger as if it is loaded, even when not in use.
- Keep the trigger and all firearms out of reach of children and unauthorized users.
- Regularly inspect the trigger for any signs of wear or damage, and do not use if any issues are found.
- Follow all local laws and regulations regarding firearm safety and usage.

Specific Safety Precautions for Use

- **Creep Awareness:** The TRIGGERTECH Diamond trigger is designed to minimize creep. Be aware of the differences in trigger feel compared to traditional triggers.
- **Pull Weight:** Due to the crisp break, the trigger pull may feel lighter than expected. Practice handling the trigger to become accustomed to its sensitivity.
- **Environmental Considerations:** This trigger is built for reliability in harsh conditions. However, always ensure it is clean and free from debris before use.
- **Frictionless Release Technology:** This technology minimizes the need for lubrication, but ensure that the trigger mechanism is free from dirt and contaminants.

Instructions for Installation and Usage

- **Installation:**
 1. Ensure that the firearm is unloaded and pointed in a safe direction.
 2. Remove the existing trigger according to the firearm manufacturer's instructions.
 3. Carefully install the TRIGGERTECH REM700 DIAMOND trigger, ensuring all components are aligned correctly.
 4. Follow the firearm's manual for any additional steps required for trigger installation.
- **Usage:**
 1. Always verify that the firearm is pointed in a safe direction before engaging the trigger.
 2. Familiarize yourself with the trigger's operation by practicing dry firing in a safe environment.
 3. Regularly check the trigger's functionality before each use, ensuring it operates smoothly without obstruction.

Disposal Instructions

- Dispose of the trigger and any associated components in accordance with local regulations.
- Do not dispose of the trigger in regular household waste. Check with local authorities for proper disposal methods for firearms components.

Contact Information for Further Support

For any inquiries regarding safety or functionality of the TRIGGERTECH REM700 DIAMOND trigger, please refer to the manufacturer's contact information provided with your product.

By following these guidelines, you can ensure a safe and enjoyable experience with your TRIGGERTECH REM700 DIAMOND RIGHT NO BOLT RELEASE TRIGGER. Always prioritize safety and responsible firearm handling.
