

# REM700DIAMOND BOTTOM SAFETY - RIGHT - NO BOLT RELEASE - TRIGGERTECH Rem700 Diamond Bottom Safety - Right - No bolt release - Straight Flat (PVD Black)

[Rifle Parts](#) > [Triggers Parts](#) > [Triggers](#)

## Material Details

1. Housing: 7075 Aluminum (anodized)
2. Key Components: 440C Stainless Steel
3. PVD Black - PVD stands for Physical Vapour Deposition. It is a hard and durable coating that is applied to external stainless components to give them a clean black color.

## Description

The Rem 700 Bottom Safety is the ideal upgrade to improve accuracy and precision on any Remington 700 style rifle that requires a bottom safety. Featuring TriggerTech's Frictionless Release Technology™, this drop-in trigger provides a true zero-creep break, extremely short over-travel and offers outstanding reliability, even in the harshest environments. Due to the exceptionally crisp break, most shooters report the pull weights feeling ~0.5lbs lighter than a friction based trigger of the same measured pull weight. Frictionless Release Technology™, along with hardened 440C stainless steel internal components ensure corrosion resistance and an extended service life. As Frictionless Release Technology™ does not rely on coating, polishing or lubricating the key engagement surfaces, trigger pulls will be more consistent from shot to shot and after thousands of shots than you ever thought possible.

# TRIGGERTECH REM700DIAMOND BOTTOM SAFETY RIGHT NO BOLT RELEASE

## Safety Instruction Guide

### Introduction

Thank you for choosing the TRIGGERTECH Rem700 Diamond Bottom Safety. This product is designed to enhance the performance of your Remington 700 style rifle. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

### General Safety Guidelines

- **Product Safety:** Ensure safe use of the bottom safety trigger by following all instructions and safety precautions outlined in this guide.
- **Enhanced Recalls:** Be aware of any recall notices or safety updates related to this product. Check regularly for updates on the EU's Safety Gate platform.
- **Online Shopping:** If purchased online, ensure that the seller complies with EU safety requirements.
- **Special Consumer Focus:** Extra care should be taken when using this product around vulnerable groups, particularly children.
- **EU Contact Point:** For safety inquiries, ensure you have access to an EUbased contact point.
- **Rapid Alerts:** Stay informed about any unsafe product alerts through the Safety Gate system.

### Specific Safety Precautions for Use

- **Installation Safety:** Ensure the firearm is unloaded before installing or adjusting the trigger.
- **Trigger Pull Weight:** Be aware that the trigger pull weight may feel lighter than expected due to the frictionless design. Practice safe handling techniques.
- **Environmental Considerations:** Avoid exposing the trigger to extreme temperatures or moisture, which could affect performance.
- **Regular Inspections:** Regularly check the trigger for any signs of wear or damage. Replace if necessary.
- **User Training:** Ensure that all users of the firearm are trained in safe handling practices and understand how to operate the trigger.

### Instructions for Installation and Usage

#### 1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the old trigger according to the manufacturer's instructions.
- Install the TRIGGERTECH Rem700 Diamond Bottom Safety by following the specific installation steps provided in the product manual.
- Ensure all screws are tightened to the manufacturer's specifications.
- Test the trigger function with the firearm unloaded to ensure proper installation.

#### 2. Usage:

- Always treat the firearm as if it is loaded.
- Keep your finger off the trigger until ready to shoot.
- Aim only at safe targets and ensure a clear line of sight.
- After each use, clean and maintain the trigger according to the maintenance guidelines provided.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations for hazardous materials.
- Ensure that any components that may pose a safety risk are handled appropriately to prevent accidents.

## **Contact Information for Further Support**

For any questions or concerns regarding the TRIGGERTECH Rem700 Diamond Bottom Safety, please refer to the manufacturer's website or customer support resources for assistance.

By following these guidelines, you can ensure safe and effective use of the TRIGGERTECH Rem700 Diamond Bottom Safety. Thank you for your attention to safety.
