

Rem700 Special - Left - Bolt release - Straight Flat (Stainless)

[Rifle Parts](#) > [Triggers Parts](#) > [Triggers](#)

Material Details

1. Housing: 7075 Aluminum (anodized)
2. Key Components: 440C Stainless Steel
3. PVD Black – PVD stands for Physical Vapour Deposition. It is a hard and durable coating that is applied to external stainless components to give them a clean black color.

Description

The Rem 700 Special is an upgraded version of the Primary model which further enhances accuracy and precision on any Remington 700 model rifle. Due to the exceptionally crisp break, most shooters report the pull weights feeling ~0.5lbs lighter than a friction based trigger of the same measured weight. Just like the Primary model, this drop-in trigger provides a true zero-creep break, extremely short overtravel and offers outstanding reliability, even in the harshest environments. Frictionless Release Technology™, along with hardened 440C stainless steel internal components ensure corrosion resistance and an extended service life. As Frictionless Release Technology™ does not rely on coating, polishing or lubricating the key engagement surfaces, trigger pulls will be more consistent from shot to shot and after thousands of shots more than you ever thought possible.

Safety Instruction Guide for TRIGGERTECH REM700 SPECIAL LEFT BOLT RELEASE TRIGGER

Introduction

Thank you for choosing the TRIGGERTECH REM700 SPECIAL LEFT BOLT RELEASE TRIGGER. This guide provides essential safety instructions to ensure the safe use and maintenance of your trigger. Please read this guide carefully before installation and use.

General Safety Guidelines

- Ensure that you are familiar with the operation of your Remington 700 rifle before using this trigger.
- Always treat every firearm as if it is loaded, even if you believe it to be unloaded.
- Keep the trigger and firearm out of reach of children and unauthorized users.
- Regularly inspect the trigger and firearm for any signs of wear or damage before use.
- Follow all local laws and regulations regarding firearm ownership and usage.
- Store the trigger and firearm in a secure location to prevent unauthorized access.

Specific Safety Precautions for Use

- Do not modify the trigger or any of its components. Unauthorized modifications can lead to malfunction and unsafe operation.
- Ensure that the trigger is properly installed according to the installation instructions provided in this guide.
- Use only compatible Remington 700 models with this trigger. Incompatible models may pose safety risks.
- Always wear appropriate eye and ear protection when using firearms.
- Do not use the trigger if it shows signs of corrosion or damage. Contact a qualified gunsmith for inspection.
- Be aware of your surroundings and ensure a safe shooting environment before using the firearm.

Instructions for Installation and Usage

Installation Instructions

1. Preparation:

- Ensure that the firearm is unloaded and the safety is engaged.
- Gather all necessary tools for installation, including a screwdriver and any other required tools.

2. Remove the Existing Trigger:

- Follow the manufacturer's instructions to safely remove the existing trigger from the Remington 700 rifle.
- Keep all original components in case reinstallation is necessary.

3. Install the TRIGGERTECH REM700 SPECIAL Trigger:

- Align the new trigger with the mounting points on the rifle.
- Securely fasten the trigger using the provided screws, ensuring it is properly seated.

4. Adjustment:

- Adjust the trigger pull weight as desired, following the specific instructions provided with the trigger.

- Ensure that the trigger operates smoothly without any binding.

5. Final Inspection:

- Doublecheck all screws and components to ensure they are secure.
- Conduct a function check to ensure the trigger operates correctly.

Usage Instructions

- Always ensure that the firearm is pointed in a safe direction when handling.
- When ready to fire, take a proper shooting stance and grip the firearm firmly.
- Apply pressure to the trigger slowly and steadily for a smooth pull.
- After firing, keep the firearm pointed downrange until you are ready to assess the results.

Disposal Instructions

- Dispose of the trigger and any associated components in accordance with local regulations regarding electronic waste and firearms parts.
- Do not dispose of the trigger in regular household waste.
- Contact local authorities or waste disposal facilities for guidance on proper disposal methods.

Contact Information for Further Support

For safety inquiries or assistance, please consult the manufacturer's website or contact your local authorized dealer. It is crucial to maintain communication with professionals who can provide support and ensure safe usage of your trigger.

By following these safety instructions, you can ensure a safe and enjoyable experience with your TRIGGERTECH REM700 SPECIAL LEFT BOLT RELEASE TRIGGER. Always prioritize safety and responsible firearm usage.
