

# Rails - Savage - MDT - Rails - 40 MOA - Savage LA

[Rifle Parts](#) > [Forend & Handguard Parts](#) > [Handguard & Rail Accessories](#) > [Accessory Rails](#)

MDT's Scope Base Picatinny Rails are a precise and reliable solution when it comes to mounting a scope on your bolt action rifle.

MDT's Scope Base Picatinny Rails are designed to make the mounting of your optics easier. They are machined from 6061-T6 aluminum, then hard-anodized black for a durable finish. The underside of the rails are profiled to allow the rail to be mounted flush on the receiver and to match the geometry of the ejection port. These rails are designed with a 30 MOA incline providing additional elevation adjustment from your scope\*. A recoil lug has been integrated in the underside rail profile on models where the action's design allows for this feature.

# Safety Instruction Guide for MDT Rails Savage MDT Rails 40 MOA Savage LA

## Introduction

Thank you for choosing the MDT Scope Base Picatinny Rails. This product is designed to provide a reliable and precise solution for mounting your scope on a bolt action rifle. This safety instruction guide aims to ensure your safe use of this product in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Always read and understand the instructions before using the product.
- Ensure that the product is compatible with your specific rifle model.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product for any damage before installation and use.
- Report any unsafe product conditions or incidents to the relevant authorities.

## Specific Safety Precautions for Use

- Do not exceed the weight limit of the scope as specified by the manufacturer.
- Ensure that all screws and fasteners are tightened properly before use.
- Avoid using the product in extreme weather conditions that may affect its performance.
- Do not modify the product in any way, as this may compromise safety and performance.
- Always follow the manufacturer's guidelines for scope mounting and adjustments.

## Instructions for Installation and Usage

### 1. Preparation

- Ensure your rifle is unloaded and safe to handle.
- Gather necessary tools, including a torque wrench and appropriate screwdrivers.

### 2. Installation

- Position the MDT Scope Base Picatinny Rail on the receiver of your rifle.
- Align the rail with the ejection port and ensure it sits flush.
- Secure the rail using the provided screws. Tighten them according to the manufacturer's torque specifications.

### 3. Mounting the Scope

- Place your scope onto the mounted Picatinny rail.
- Adjust the scope to the desired position and ensure it is level.
- Secure the scope using the mounting rings or clamps provided by the scope manufacturer.

### 4. Final Checks

- Doublecheck all screws and fasteners for tightness.
- Ensure that the scope is securely mounted and that there are no obstructions in the line of sight.

## Disposal Instructions

- Dispose of the product in accordance with local regulations.

- Do not dispose of the product in general household waste.
- Consider recycling options for aluminum and other materials used in the product.

## **Contact Information for Further Support**

For safety inquiries or product support, please refer to the manufacturer's website or contact your local retailer. Ensure that you provide all relevant product information when seeking assistance.

By following these guidelines, you can ensure the safe and effective use of the MDT Scope Base Picatinny Rails. Thank you for your attention to safety and compliance.
