

Rails - Tikka T3X - MDT - Rails - 40 MOA - Tikka T3X

[Rifle Parts](#) > [Forend & Handguard Parts](#) > [Handguard & Rail Accessories](#) > [Accessory Rails](#)

MDT's Scope Base Picatinny Rails are a precise and reliable solution when it comes to mounting a scope on your bolt action rifle.

MDT's Scope Base Picatinny Rails are designed to make the mounting of your optics easier. They are machined from 6061-T6 aluminum, then hard-anodized black for a durable finish. The underside of the rails are profiled to allow the rail to be mounted flush on the receiver and to match the geometry of the ejection port. These rails are designed with a 30 MOA incline providing additional elevation adjustment from your scope*. A recoil lug has been integrated in the underside rail profile on models where the action's design allows for this feature.

MDT Rails Tikka T3X Safety Instruction Guide

Introduction

Thank you for choosing the MDT Scope Base Picatinny Rails for your Tikka T3X rifle. This product is designed to provide a reliable and precise solution for mounting your optics. To ensure safe and effective use, please read and follow these safety instructions carefully.

General Safety Guidelines

- Ensure safe use of the product by following all instructions.
- Always check for any visible damage to the product before use.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about product recalls and safety updates through the EU Safety Gate platform.

Specific Safety Precautions for Use

- Always ensure that the rifle is unloaded before installing or adjusting the rail.
- Use the rail only with compatible scopes and mounting systems.
- Inspect the mounting area for any obstructions or damage before installation.
- Do not exceed the manufacturer's weight limit for mounted optics.
- Avoid using the rail in extreme environmental conditions unless specified.
- Always ensure that the rail is securely fastened before use.

Instructions for Installation and Usage

Installation Steps

1. Preparation

- Ensure your rifle is unloaded and safe.
- Gather necessary tools including a torque wrench and appropriate screws.

2. Positioning the Rail

- Align the MDT Scope Base Picatinny Rail with the mounting holes on the receiver.
- Ensure the rail is positioned flush against the receiver and matches the geometry of the ejection port.

3. Securing the Rail

- Insert screws into the mounting holes.
- Tighten screws gradually in a crisscross pattern to ensure even pressure.
- Use a torque wrench to tighten screws to the manufacturer's specifications.

4. Mounting the Scope

- Position your scope onto the rail.
- Follow the scope manufacturer's instructions for securing the scope.

5. Final Checks

- Doublecheck that all screws are tightened properly.
- Ensure the scope is securely mounted and functions correctly.

Usage Guidelines

- Always use the rifle in a safe environment.
- Regularly check the rail and scope for any signs of wear or damage.
- If you notice any issues, do not use the product until it has been inspected and repaired.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Consider recycling options where available, especially for aluminum components.

Contact Information for Further Support

For any safety inquiries or further assistance regarding the MDT Scope Base Picatinny Rails, please refer to the contact details provided by the manufacturer or retailer from whom you purchased the product.

Thank you for prioritizing safety and compliance while using the MDT Scope Base Picatinny Rails. Enjoy your shooting experience!
