

# Rails - Ruger Amer RF - MDT - Rails - 50 MOA - Ruger Amer RF

[Rifle Parts](#) > [Forend & Handguard Parts](#) > [Handguard & Rail Accessories](#) > [Accessory Rails](#)

MDT's Scope Base Picatinny Rails are a precise and reliable solution when it comes to mounting a scope on your bolt action rifle.

MDT's Scope Base Picatinny Rails are designed to make the mounting of your optics easier. They are machined from 6061-T6 aluminum, then hard-anodized black for a durable finish. The underside of the rails are profiled to allow the rail to be mounted flush on the receiver and to match the geometry of the ejection port. These rails are designed with a 30 MOA incline providing additional elevation adjustment from your scope\*. A recoil lug has been integrated in the underside rail profile on models where the action's design allows for this feature.

# MDT Rails Ruger Amer RF Safety Instruction Guide

## Introduction

Thank you for choosing the MDT Scope Base Picatinny Rails for your Ruger American rifle. This guide provides essential safety instructions, installation details, and usage precautions to ensure that you can safely and effectively mount your scope. Please read this guide thoroughly before using the product.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose: mounting a scope on a bolt action rifle.
- Always handle your rifle and accessories with care to prevent accidents.
- Regularly inspect the product for wear and damage before use.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe products or incidents to the appropriate authorities.
- Stay informed about any recalls or safety alerts related to this product through the EU Safety Gate platform.

## Specific Safety Precautions for Use

- Before installation, ensure that your rifle is unloaded and pointed in a safe direction.
- Use only compatible scopes and mounting hardware as specified by the manufacturer.
- Avoid overtightening screws or bolts during installation, as this may damage the rail or your rifle.
- Be cautious of sharp edges when handling the rail to prevent cuts or injuries.
- If you experience any difficulty during installation, consult a professional gunsmith for assistance.
- Ensure that the rail is securely mounted before using your rifle to prevent scope misalignment or detachment.

## Instructions for Installation and Usage

### Installation Steps

#### 1. Gather Tools and Materials:

- You will need a screwdriver, appropriate mounting screws, and the MDT Scope Base Picatinny Rails.

#### 2. Prepare Your Rifle:

- Ensure your rifle is unloaded and placed on a stable surface.

#### 3. Align the Rail:

- Position the MDT Scope Base Picatinny Rail on the receiver of your rifle, ensuring it aligns with the ejection port and is flush with the receiver.

#### 4. Secure the Rail:

- Using the provided screws, attach the rail to the receiver. Tighten the screws gently to avoid damage.

#### 5. Mount Your Scope:

- Follow the manufacturer's instructions for mounting your scope onto the Picatinny rail. Ensure it is securely fastened.

#### **6. Final Check:**

- Doublecheck that all screws are tightened and that the scope is properly aligned before use.

### **Usage Guidelines**

- Always verify that your scope is securely mounted before shooting.
- Regularly check the tightness of the rail and scope during use, especially after extended shooting sessions.
- Avoid using excessive force when adjusting your scope to prevent damage.

### **Disposal Instructions**

- Dispose of the product in accordance with local regulations for metal waste.
- Do not dispose of the product in household waste. Check for recycling options in your area.

### **Contact Information for Further Support**

For any inquiries regarding the product or safety concerns, please refer to the manufacturer's contact details provided in the product packaging or documentation.

Thank you for following these safety instructions. Your safety and satisfaction are our top priorities. Enjoy your shooting experience with the MDT Scope Base Picatinny Rails!
