MDT's Scope Base Picatinny Rails are a precise and reliable solution when it comes to mounting a scope on your bolt action rifle.

MDT's Scope Base Picatinny Rails are designed to make the mounting of your optics easier. They are machined from 6061-T6 aluminum, then hard-anodized black for a durable finish. The underside of the rails are profiled to allow the rail to be mounted flush on the receiver and to match the geometry of the ejection port. These rails are designed with a 30 MOA incline providing additional elevation adjustment from your scope*. A recoil lug has been integrated in the underside rail profile on models where the action's design allows for this feature.

Specific Safety Precautions for Use

- When mounting the scope, ensure that the rifle is unloaded and pointed in a safe direction.
- Always use the appropriate tools and follow the installation instructions to avoid improper mounting.
- Be cautious of sharp edges during installation; wear protective gloves if necessary.
- Ensure that the recoil lug is properly engaged to prevent any movement during use.
- Regularly inspect the mounted scope for stability and alignment before each use.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools: a torque wrench, appropriate screwdrivers, and any other specified tools.
- Ensure that your workspace is clean and free of distractions.

2. Installation Steps

- Ensure the rifle is unloaded and safe.
- Align the MDT Rail with the receiver of the Savage MK2.
- Secure the rail using the provided mounting screws. Follow the torque specifications outlined in the product manual.
- If applicable, ensure the recoil lug is properly seated in the designated area.

3. Scope Mounting

- Select the appropriate scope rings for your optics.
- Attach the scope rings to the rail, following the manufacturer's instructions for the rings.
- Place the scope in the rings and adjust for proper eye relief.
- Tighten the ring screws to the manufacturer's torque specifications.

4. Final Check

- Inspect the installation to ensure that everything is secure and properly aligned.
- Perform a function check of the rifle to ensure that there are no obstructions or issues.

Disposal Instructions

- Dispose of any packaging materials in accordance with local regulations.
- If the product reaches the end of its life, dispose of it responsibly, ensuring that any metal components are recycled where possible.
