

Rails - Tikka T1X - MDT - Rails - 30 MOA - Tikka T1X

[Rifle Parts](#) > [Forend & Handguard Parts](#) > [Handguard & Rail Accessories](#) > [Accessory Rails](#)

MDT's Scope Base Picatinny Rails are a precise and reliable solution when it comes to mounting a scope on your bolt action rifle.

MDT's Scope Base Picatinny Rails are designed to make the mounting of your optics easier. They are machined from 6061-T6 aluminum, then hard-anodized black for a durable finish. The underside of the rails are profiled to allow the rail to be mounted flush on the receiver and to match the geometry of the ejection port. These rails are designed with a 30 MOA incline providing additional elevation adjustment from your scope*. A recoil lug has been integrated in the underside rail profile on models where the action's design allows for this feature.

Safety Instruction Guide for MDT Rails 30 MOA Tikka T1X

Introduction

Thank you for choosing the MDT Rails 30 MOA for your Tikka T1X rifle. This guide provides essential safety instructions to ensure the safe use and installation of your product. Please read this guide thoroughly to understand the safety precautions and proper usage.

General Safety Guidelines

- **Product Safety:** Ensure safe use by following all instructions provided in this guide. This product is designed for use with bolt action rifles and is not intended for any other purpose.
- **Enhanced Recalls:** Stay informed about any recalls or safety notices related to this product. Regularly check the EU Safety Gate platform for updates.
- **Online Shopping:** If purchased online, ensure the retailer meets all safety requirements similar to physical stores.
- **Special Consumer Focus:** This product is not intended for use by children. Keep out of reach of minors and ensure adult supervision during installation.
- **EU Contact Point:** For any safety inquiries, please consult the retailer or manufacturer as they are required to provide EU-based contact information.
- **Rapid Alerts:** Be aware of the Safety Gate system for quick updates on any unsafe products.

Specific Safety Precautions for Use

- Always inspect the product for any visible damage before installation. Do not use if damaged.
- Ensure that the rifle is unloaded before beginning any installation or adjustments.
- Use appropriate tools and follow the installation instructions carefully to avoid personal injury or damage to the rifle.
- Avoid overtightening screws to prevent damage to the rail or rifle.
- Ensure that the rail is securely mounted before attaching any optics.
- Regularly check the tightness of the rail and optics after use, especially after shooting sessions.
- Do not exceed the manufacturer's recommended weight limit for mounted optics.

Instructions for Installation and Usage

1. Preparation:

- Gather necessary tools: a torque wrench, appropriate screwdrivers, and any additional tools specified in the installation instructions.
- Ensure your work area is clean and well-lit.

2. Installation Steps:

- Ensure the rifle is unloaded and pointed in a safe direction.
- Remove any existing scope mounts or accessories from the receiver.
- Align the MDT rail with the mounting holes on the receiver of the Tikka T1X.
- Insert screws into the designated holes without fully tightening them yet.
- Once all screws are in place, use a torque wrench to tighten them to the manufacturer's specifications (usually provided in the packaging or installation manual).
- After installation, check that the rail is flush against the receiver and securely mounted.

3. Attaching Optics:

- Follow the manufacturer's instructions for your specific scope when attaching it to the rail.
- Ensure the scope is level and securely fastened.
- Perform a final check to ensure everything is properly installed before use.

Disposal Instructions

- Dispose of packaging materials in accordance with local regulations.
- For the product itself, check with local waste management services for proper disposal methods.
- Do not dispose of the product in regular household waste if it contains any hazardous materials.

Contact Information for Further Support

For any questions or concerns regarding the MDT Rails 30 MOA for Tikka T1X, please consult the retailer from whom you purchased the product or visit the manufacturer's website for additional resources and support.

By following these safety instructions, you can ensure a safe and effective experience with your MDT Rails 30 MOA. Thank you for your attention to safety!
