MDT's Scope Base Picatinny Rails are a precise and reliable solution when it comes to mounting a scope on your bolt action rifle.

MDT's Scope Base Picatinny Rails are designed to make the mounting of your optics easier. They are machined from 6061-T6 aluminum, then hard-anodized black for a durable finish. The underside of the rails are profiled to allow the rail to be mounted flush on the receiver and to match the geometry of the ejection port. These rails are designed with a 30 MOA incline providing additional elevation adjustment from your scope*. A recoil lug has been integrated in the underside rail profile on models where the action's design allows for this feature.

MDT Rails Tikka T1X Safety Instruction Guide

Introduction

Thank you for choosing the MDT Rails Tikka T1X. This product is designed to enhance your shooting experience by providing a reliable and precise mounting solution for your scope. To ensure safe and effective use, please read this safety instruction guide carefully.

General Safety Guidelines

- Always use the product according to the manufacturer's guidelines.
- Inspect the product for any damage before use. Do not use if damaged.
- Ensure that all components are securely attached before using your rifle.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe products or incidents to the relevant authorities.
- Stay informed about product recalls through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Ensure that the rail is compatible with your Tikka T1X rifle model.
- Do not exceed the weight limit of the optics mounted on the rail.
- Avoid using the product in extreme weather conditions that could affect performance.
- Regularly check the mounting screws for tightness and integrity.
- Be cautious when adjusting the scope after installation to avoid misalignment.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools, including a torque wrench and appropriate screwdrivers.
- Ensure your rifle is unloaded and in a safe position.

2. Installation Steps:

- Place the MDT rail onto the receiver of your Tikka T1X.
- Align the rail with the ejection port and ensure it is flush against the receiver.
- Secure the rail using the provided screws. Tighten to the manufacturer's recommended torque specifications.
- Verify that the recoil lug is properly seated in the rail profile if applicable.

3. Scope Mounting:

- Select an appropriate scope that fits the rail specifications.
- Attach the scope rings to the rail, ensuring they are evenly spaced.
- Secure the scope in the rings and adjust to your desired position.
- Tighten the scope rings according to the manufacturer's guidelines.

4. Final Checks:

- Doublecheck all screws and attachments for security.
- Conduct a function check to ensure the rifle operates correctly.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in household waste. Check for recycling options in your area.
- If the product is damaged beyond repair, ensure it is disposed of safely to prevent harm to the environment.

Contact Information for Further Support

For any inquiries regarding product safety or performance, please refer to the manufacturer's website or contact your local dealer. Ensure you have the product details available for reference.

By following these guidelines, you can ensure a safe and enjoyable experience with your MDT Rails Tikka T1X. Thank you for your attention to safety.
