

microRDS OPTIC SIGHT WITH PICATINNY ADAPTER

[Optics & Mounting](#) > [Electronic Sights](#) > [Reflex Sights](#)

The quickest, easiest upgrade in the history of accuracy. The Mepro microRDS brings the rapid target acquisition of a full-size red dot rifle optic to a compact pistol sight. Featuring a patented quick-detach (QD) adaptor kit that easily mounts using the pistol's existing rear sight dovetail slot; no drilling, tapping or need for a gunsmith. It's the only red-dot solution that instantly mounts and dismounts without having to re-zero, with an adaptor that also gives you a Meprolight® TruDot™ self-illuminated sight as a back-up when the red dot optic is removed. Built to mount in minutes to any pistol with red dot capability. It also serves as an excellent close-quarters red dot sight and backup sight for rifles and shotguns.

microRDS OPTIC SIGHT WITH PICATINNY ADAPTER

Safety Instructions

Introduction

Thank you for choosing the microRDS Optic Sight with Picatinny Adapter. This product is designed to enhance your shooting accuracy and experience. To ensure your safety and the optimal performance of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Always treat the optic sight as if it is loaded.
- Ensure that the optic sight is securely mounted before use.
- Keep the optic sight out of reach of children and unauthorized users.
- Regularly inspect the optic sight and its mounting for any signs of wear or damage.
- Use the product only for its intended purpose as described in this manual.
- Be aware of your surroundings and ensure a safe shooting environment.

Specific Safety Precautions for Use

- Do not use the optic sight if it is damaged or malfunctioning.
- Always wear appropriate eye protection when using firearms equipped with this optic sight.
- Do not look directly at the sun through the optic sight, as this may cause permanent eye damage.
- Ensure that the firearm is pointed in a safe direction at all times when mounting or adjusting the optic sight.
- Be cautious of the recoil when firing, as it may affect the optic sight's alignment.

Instructions for Installation and Usage

1. Installation

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the existing rear sight from the firearm.
- Align the Picatinny adapter with the dovetail slot of the firearm.
- Securely attach the quickdetach (QD) adaptor kit according to the manufacturer's instructions.
- Confirm that the optic sight is securely mounted and does not move when shaken gently.

2. Usage

- To activate the red dot sight, turn on the power switch as indicated in the product manual.
- Adjust the brightness of the red dot to suit your environment.
- Practice aiming and shooting with the optic sight in a controlled environment before using it in the field.
- If the optic sight is removed, ensure to rezero it before use to maintain accuracy.

Disposal Instructions

- Dispose of the optic sight and its components in accordance with local regulations.
- Do not dispose of electronic components in regular household waste.
- Check with local waste management authorities for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the microRDS Optic Sight with Picatinny Adapter, please refer to the manufacturer's guidelines or contact the appropriate support channels.

Remember, safety is paramount when using any shooting equipment. Always prioritize safe handling practices and be aware of your environment. Thank you for your attention to these important safety instructions. Enjoy your enhanced shooting experience with the microRDS Optic Sight!
