

HYPER BRIGHT FIXED PISTOL SET KIMBER - HYPER BRIGHT FIXED PISTOL FRONT KIMBER 1911 O RING

[Handgun Parts](#) > [Sights](#) > [Sight Sets](#)

A total eclipse of conventional brightness. It's the world's brightest handgun sight in any light, with tritium specially formulated to give you industry-first brilliance from broad daylight to midnight. These self-illuminated, fixed tritium sights feature an extremely bright colored ring front sight in your choice of green, yellow, or orange, delivering supreme visibility as a night sight or day-night sight. Contrasting front and rear sight colors help shooters focus on the front sight quicker for faster target acquisition in all lighting conditions. Because you can't predict when everything will depend on your sight's visibility, you can count on Hyper-Bright™. Every time. HYPER-BRIGHT CONCEPT: The MEPRO Hyper-Bright™ fixed Day and Night Sights offer the most reliable illumination for day or night. Mepro Hyper-Bright™ fixed sights feature an extremely bright fluorescent contrast colored ring in green or orange for fast target acquisition in the daytime. The yellow ring option is the sole option with phosphorescent paint that charges with light and glows in lowlight conditions for a short time in conjunction with the tritium. As a result, both rear and front tritium sources appear green in lowlight and nighttime. ALWAYS ON: Premium grade green Swiss-made Tritium vials in the front and rear sights allow for low light and nighttime conditions. The U-notch shape on the rear naturally directs your eyes to the top of the Front sight. No batteries, no switches - always on, always ready 24/7 for 12 years. Maintenance-free can be mounted directly with no modifications. Direct factory replacement, recommend replacing as a set. HIGH DURABILITY: The MEPRO HYPER-BRIGHT™ are drop- and shockproof, built for endless rounds under heavy recoil, and made of steel. Its ultralight, snag-free design is easy to draw and gives you instinctive aiming under pressure. In addition, these sights are reliable in any weather conditions.

HYPER BRIGHT FIXED PISTOL SET SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the HYPER BRIGHT FIXED PISTOL SET KIMBER 1911 O RING. This product is designed to provide superior visibility and reliability in various lighting conditions. Please read this safety instruction guide carefully to ensure safe and effective use of your new firearm sight.

General Safety Guidelines

- Always treat firearms as if they are loaded.
- Keep your firearm pointed in a safe direction at all times.
- Store your firearm securely and out of reach of children and unauthorized users.
- Regularly inspect your firearm and sights for any signs of wear or damage.
- Follow all local laws and regulations regarding firearm ownership and use.
- Use only the recommended accessories and components with your firearm.
- Ensure that your sights are properly installed according to the provided instructions.

Specific Safety Precautions for Use

- **Visibility:** The HYPER BRIGHT sights are designed for both day and night use. Ensure that you are familiar with how the sights function in various lighting conditions.
- **Age Restrictions:** This product is intended for adult users. Ensure that minors are supervised when handling firearms.
- **Maintenance:** The sights are maintenancefree; however, be aware of any environmental conditions that may affect their performance.
- **Shooting Environment:** Be cautious of your surroundings when using your firearm, especially in lowlight conditions where visibility may be reduced.
- **Emergency Situations:** In case of any malfunction or unexpected behavior of the sights, cease use immediately and consult a qualified gunsmith.

Instructions for Installation and Usage

Installation Instructions

1. **Unpack the Sights:** Carefully remove the sights from the packaging. Inspect for any damage.
2. **Prepare Your Firearm:** Ensure your firearm is unloaded and safe to handle.
3. **Remove Existing Sights:** If applicable, use appropriate tools to remove the existing sights from your firearm.
4. **Install the HYPER BRIGHT Sights:**
 - Align the front sight in the designated slot.
 - Securely fasten the front sight according to the manufacturer's specifications.
 - Repeat the process for the rear sight.
5. **Check Alignment:** Ensure that both sights are aligned properly for accurate targeting.
6. **Final Inspection:** Verify that all screws and fittings are tightened and that the sights are securely in place.

Usage Instructions

- **Aiming:** Use the Unotch rear sight to naturally direct your eyes to the top of the front sight for quick target acquisition.
- **Lighting Conditions:** The sights are designed to be always on, utilizing Tritium for lowlight visibility. No batteries or switches are needed.

- **Shooting Practice:** Regular practice is recommended to become familiar with sighting and aiming techniques under different conditions.

Disposal Instructions

- Dispose of the product responsibly and in accordance with local regulations.
- Do not dispose of the sights in regular household waste.
- Contact local waste management authorities for guidance on proper disposal methods for electronic components.

Contact Information for Further Support

For any questions or concerns regarding your HYPER BRIGHT FIXED PISTOL SET, please refer to the contact details provided with your product packaging or visit the manufacturer's website for more information.

By following these guidelines, you can ensure a safe and enjoyable experience with your HYPER BRIGHT FIXED PISTOL SET KIMBER 1911 O RING. Always prioritize safety and responsible usage.
