

# MEPRO FT BULLSEYE PISTOL REAR SIG P SER - MEPRO FT BULLSEYE PISTOL REAR SIG P SER (NOT P365,P365XL) G

[Handgun Parts](#) > [Sights](#) > [Sight Sets](#)

Runs on instinct. Runs at the speed of sight. The Mepro FT Bullseye™ sight is the fastest, brightest, and most intuitive tritium fiber optic sights we've ever built. This low-profile single-night-sight design is powered by fiber optics to master the day, while premium-grade tritium handles even the darkest blackout conditions. Aligning with a single central point of focus, the Mepro FT Bullseye™ has the feel of a red dot sight. These Meprolight® night sights are drop- and shockproof, built for endless rounds under heavy recoil, and make an excellent upgrade sight to pistols we service like Smith & Wesson, Springfield, IWI, Glock, and others. Its ultralight, snag-free design is easy to draw and gives you instinctive aiming under pressure.

# Safety Instruction Guide for MEPRO FT Bullseye Pistol Rear Sight

## Introduction

Thank you for choosing the MEPRO FT Bullseye Pistol Rear Sight. This guide provides essential safety information to ensure safe and effective use of the product. Please read this guide carefully before installation and use.

## General Safety Guidelines

- Ensure that the product is installed and used according to the instructions provided in this manual.
- Keep the product out of reach of children and unauthorized users.
- Regularly check for wear and tear on the sight and replace it if any damage is found.
- Always handle firearms safely and responsibly.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Do not use the sight if it is damaged or has been modified.
- Ensure that the sight is securely attached to the firearm before use.
- Always verify that the firearm is unloaded when installing or adjusting the sight.
- Use the sight only on compatible firearms as specified by the manufacturer.
- Maintain a safe distance from others while using the firearm equipped with the sight.
- Avoid using the sight in conditions that may impair visibility.

## Instructions for Installation and Usage

### Installation Instructions

1. **Gather Tools:** Ensure you have the necessary tools for installation, including a screwdriver and any specific tools recommended by the manufacturer.
2. **Unload the Firearm:** Always ensure the firearm is unloaded before beginning installation.
3. **Remove Existing Sight:** If applicable, carefully remove the existing rear sight from the firearm.
4. **Align the Sight:** Position the MEPRO FT Bullseye sight in the designated mounting area.
5. **Secure the Sight:** Use the appropriate screws to secure the sight in place. Ensure it is tight but do not overtighten.
6. **Check Alignment:** Verify that the sight is properly aligned with the barrel of the firearm.

### Usage Instructions

- **Aiming:** Use the sight to align your aim instinctively. Focus on the central point for accurate targeting.
- **Adjustments:** If necessary, make adjustments to the sight according to the manufacturer's guidelines.
- **Practice:** Familiarize yourself with the sight in a controlled environment before using it in highpressure situations.

## Disposal Instructions

- Dispose of the product in accordance with local regulations regarding electronic waste and hazardous materials.
- Do not dispose of the product in regular household trash.
- Contact your local waste disposal authority for guidelines on proper disposal.

## **Contact Information for Further Support**

For any inquiries regarding the MEPRO FT Bullseye Pistol Rear Sight, please refer to the manufacturer's website or contact their customer support service. They will provide assistance and additional information as needed.

Thank you for prioritizing safety while using the MEPRO FT Bullseye Pistol Rear Sight. Your adherence to these guidelines ensures a safer experience for yourself and others.
