

MEPRO FT BULLSEYE PISTOL REAR IWI JERICHO - MEPRO FT BULLSEYE PISTOL REAR IWI JERICHO(NOT JERICHO II) G

[Handgun Parts](#) > [Sights](#) > [Sight Sets](#)

Runs on instinct. Runs at the speed of sight. The Mepro FT Bullseye™ sight is the fastest, brightest, and most intuitive tritium fiber optic sights we've ever built. This low-profile single-night-sight design is powered by fiber optics to master the day, while premium-grade tritium handles even the darkest blackout conditions. Aligning with a single central point of focus, the Mepro FT Bullseye™ has the feel of a red dot sight. These Meprolight® night sights are drop- and shockproof, built for endless rounds under heavy recoil, and make an excellent upgrade sight to pistols we service like Smith & Wesson, Springfield, IWI, Glock, and others. Its ultralight, snag-free design is easy to draw and gives you instinctive aiming under pressure.

Safety Instruction Guide for MEPRO FT Bullseye Pistol Rear Sight

Introduction

Thank you for choosing the MEPRO FT Bullseye Pistol Rear Sight. This guide provides essential safety information and instructions for the correct use and installation of your sight. Please read this guide carefully to ensure safe and effective operation.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as a sight for pistols.
- Always handle firearms with care and follow standard safety practices.
- Keep the sight and all firearms out of reach of children and unauthorized users.
- Regularly inspect the sight for any signs of damage or wear before use.
- If you notice any defects or issues, discontinue use immediately and seek assistance.

Specific Safety Precautions for Use

- Use only with compatible pistol models, including Smith & Wesson, Springfield, IWI, Glock, and others.
- Avoid exposing the sight to extreme temperatures or harsh environmental conditions.
- Do not attempt to disassemble or modify the sight in any way.
- Ensure that the sight is securely mounted before use to prevent accidents.
- Always wear appropriate eye protection when using firearms.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction before beginning installation.
- Remove the existing rear sight from the pistol using appropriate tools.
- Align the MEPRO FT Bullseye sight with the mounting slot on the pistol.
- Securely fasten the sight using the provided screws, ensuring it is tight but not overtorqued.

2. Usage:

- Once installed, align the sight with your target by focusing on the central point.
- Use the fiber optic feature during daylight conditions for optimal visibility.
- In lowlight conditions, rely on the tritium feature for effective aiming.
- Practice regularly to become familiar with the sight's operation and improve accuracy.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding electronic waste and hazardous materials.
- Do not dispose of the sight in regular household waste.
- Contact local waste management authorities for proper disposal methods.

Contact Information for Further Support

For any safety inquiries or additional support, please consult the relevant authorities or your local distributor for

assistance.

Conclusion

By following these safety guidelines and instructions, you can ensure a safe and enjoyable experience with your MEPRO FT Bullseye Pistol Rear Sight. Always prioritize safety and responsible firearm handling. Thank you for your attention to these important safety measures.
