

MEPRO FT BULLSEYE FRONT SIGHT - MEPRO FT BULLSEYE PISTOL FRONT SIG P320 G

[Handgun Parts](#) > [Sights](#) > [Sight Sets](#)

Runs on instinct. Runs at the speed of sight. The Mepro FT Bullseye™ sight is the fastest, brightest, and most intuitive tritium fiber optic sights we've ever built. This low-profile single-night-sight design is powered by fiber optics to master the day, while premium-grade tritium handles even the darkest blackout conditions. Aligning with a single central point of focus, the Mepro FT Bullseye™ has the feel of a red dot sight. These Meprolight® night sights are drop- and shockproof, built for endless rounds under heavy recoil, and make an excellent upgrade sight to pistols we service like Smith & Wesson, Springfield, IWI, Glock, and others. Its ultralight, snag-free design is easy to draw and gives you instinctive aiming under pressure.

MEPRO FT BULLSEYE FRONT SIGHT SAFETY INSTRUCTION GUIDE

Introduction

Thank you for choosing the Mepro FT Bullseye™ Front Sight for your Sig Sauer P320. This product is designed to enhance your shooting experience with its intuitive design and advanced technology. To ensure safe and effective use of the product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Always ensure that your firearm is unloaded before installing or adjusting the sight.
- Use the sight only as intended. It is designed for use on specific models of pistols.
- Keep the sight and your firearm out of reach of children and unauthorized users.
- Regularly inspect the sight for any signs of damage or wear. Do not use if damaged.
- Be aware of your surroundings and ensure a safe shooting environment at all times.
- Follow all local laws and regulations regarding firearm usage and modifications.

Specific Safety Precautions for Use

- Ensure proper alignment of the sight with your firearm before use.
- Use appropriate eye protection while shooting.
- Do not attempt to modify the sight or use it in ways not intended by the manufacturer.
- If you experience any difficulties with the sight, cease use immediately and consult a professional.
- Be cautious of the sight's fiber optic components; avoid exposing them to extreme conditions that may cause damage.

Instructions for Installation and Usage

Installation

1. Ensure the firearm is unloaded and pointed in a safe direction.
2. Remove the existing front sight from your Sig Sauer P320 using the appropriate tools.
3. Align the Mepro FT Bullseye™ Front Sight with the mounting slot on your firearm.
4. Secure the sight in place according to the manufacturer's specifications.
5. Doublecheck the alignment and ensure the sight is firmly attached.

Usage

1. Stand in a safe shooting position with proper grip and stance.
2. Align the Mepro FT Bullseye™ with your target using the central point of focus.
3. Maintain a steady aim and squeeze the trigger gently to fire.
4. After shooting, always check the sight for any misalignment or damage.

Disposal Instructions

- Dispose of the sight in accordance with local regulations regarding electronic waste.
- If the sight is damaged or no longer functional, do not attempt to repair it; instead, dispose of it responsibly.

Contact Information for Further Support

For any inquiries regarding safety, installation, or usage of the Mepro FT Bullseye™ Front Sight, please consult

the manufacturer's official website or customer support channels.

By following these guidelines, you will ensure a safer and more enjoyable experience with your Mepro FT Bullseye™ Front Sight. Thank you for your attention to safety, and happy shooting!
