The German Tactical Systems AK Extended Picatinny Sight Mount with Fiber, the ultimate accessory to enhance your AK rifle. This innovative product replaces your AK sight with a Picatinny rail, allowing you to mount low-profile optics for improved aiming precision.

One of the standout features of this mount is the inclusion of fiber optics, which significantly enhances sight visibility and target acquisition. The fiber optic inserts provide a bright and clear sight picture, even in low-light conditions, enabling you to quickly align your sights and make accurate shots with confidence.

The unique design of the German Tactical Systems AK Extended Picatinny Sight Mount with fiber offers both horizontal and vertical height adjustment, ensuring that your optics are perfectly aligned with the barrel. Say goodbye to any misalignment issues and enjoy consistently accurate shots.
