

4-16x44 Mil Dot Scope

[Optics & Mounting](#) > [Scopes](#) > [Rifle Scopes](#)

The FALKE riflescope from the TAC series is the ideal choice for both hunters and sports shooters. While it is well-equipped for use with firearms of larger calibers, it is also highly favored for .22lr setups. With an impressive zoom range of 4-16 and a generous 44-centimeter objective lens diameter, this scope provides shooters with a detailed image and utmost precision when acquiring their targets.

Constructed with a sturdy one-piece aluminum body and a rugged, scratch-resistant surface, the FALKE 1-6x24 HD MilDot ensures durability and resilience to withstand the demands of hunting and shooting sports.

To deliver consistent performance even in adverse conditions, the riflescope is both waterproof and nitrogen-filled to prevent lens fogging. Its lenses are multi-coated using state-of-the-art technology, allowing for exceptional light transmission and providing a clear, sharp image. Moreover, the lenses are scratch-resistant, ensuring long-lasting clarity.

Accurate adjustments for windage and elevation can be made via the turrets with an impressive 1/8 MOA per click. This enables shooters to make precise target corrections and place their shots optimally.

Falke 416x44 Mil Dot Scope Safety Instructions

Introduction

Thank you for choosing the Falke 416x44 Mil Dot Scope. This guide provides essential safety instructions and guidelines to ensure your safe and effective use of the product. Please read this document carefully before using the scope.

General Safety Guidelines

- Always handle the scope with care to avoid damage and ensure safe operation.
- Keep the scope out of reach of children and vulnerable individuals to prevent accidents.
- Regularly inspect the scope for any signs of damage or wear. Do not use if damaged.
- Store the scope in a dry, cool place when not in use to maintain its integrity and performance.
- Be aware of your surroundings and ensure a safe shooting environment at all times.

Specific Safety Precautions for Use

- Ensure the firearm you are using with the scope is in good working condition.
- Always follow the manufacturer's instructions for both the firearm and the scope.
- Use the scope only for its intended purpose; do not modify or misuse it.
- Never point the firearm at anything you do not intend to shoot.
- Always treat every firearm as if it is loaded, even if you believe it to be unloaded.
- Wear appropriate eye and ear protection while using the scope and firearm.
- Be mindful of the maximum magnification and adjust accordingly to avoid eye strain.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded before installing the scope.
- Mount the scope securely on the firearm using the appropriate rings and bases.
- Align the scope with the barrel to ensure accurate targeting.
- Tighten the mounting screws evenly to avoid misalignment.

2. Usage:

- Adjust the magnification by rotating the magnification ring to the desired level (4x to 16x).
- Use the windage and elevation turrets to make precise adjustments (1/8 MOA per click).
- Check the focus by looking through the scope and adjusting the eyepiece until the reticle is sharp.
- Ensure the objective lens is clean before use to maintain clarity.
- When finished shooting, ensure the firearm is unloaded and store the scope properly.

Disposal Instructions

- Dispose of the scope in accordance with local regulations.
- Do not dispose of the scope with regular household waste.
- If the scope is damaged beyond repair, contact local waste management for proper disposal methods.

Contact Information for Further Support

For any inquiries or concerns regarding the safety and use of the Falke 416x44 Mil Dot Scope, please refer to the manufacturer's contact information provided in the product packaging or on their official website.

Thank you for following these safety instructions. Your adherence to these guidelines will help ensure a safe and enjoyable experience with your Falke 416x44 Mil Dot Scope.
