Safety Instruction Guide for GTS AR15 Gas Tube

Introduction

Thank you for choosing the GTS AR15/AR10 Gas Tube. This product is designed to enhance your rifle's performance and ensure a reliable shooting experience. Please read this safety instruction guide carefully to understand how to use this product safely and effectively, in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always ensure that the firearm is unloaded before installing or handling the gas tube.
- Use the gas tube only with AR15 or AR10 platforms as specified.
- Regularly inspect the gas tube for any signs of wear or damage.
- Ensure that all components are compatible and securely attached before use.
- Keep the gas tube and all firearm components out of reach of children and unauthorized users.
- Follow all local laws and regulations regarding firearm modifications and usage.

Specific Safety Precautions for Use

• Potential Hazards:

- Improper installation may lead to malfunction or injury.
- Using the gas tube with incompatible firearms can result in damage.

• Instructions to Avoid Hazards:

- Always read the installation instructions thoroughly before proceeding.
- Use only the rollpin provided with the gas tube for installation.
- Avoid overtightening connections to prevent damage to the gas block or tube.
- Wear safety glasses when working on your firearm to protect your eyes from debris.

• AgeSpecific Warnings:

- This product is intended for use by individuals aged 18 and older.
- Ensure that minors are supervised when handling firearms or firearm components.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools: a rollpin punch, hammer, and any other tools needed for your specific setup.
- Ensure your workspace is clean and free of distractions.

2. Installation Steps:

- Ensure the firearm is completely unloaded.
- Remove the existing gas tube if applicable.
- Align the new GTS Gas Tube with the gas block.
- Insert the rollpin through the gas tube and gas block to secure it in place.
- Use the rollpin punch and hammer to gently tap the rollpin until it is flush with the gas block.
- Doublecheck all connections to ensure they are secure.

3. Usage:

- After installation, perform a function check to ensure the gas system operates correctly.
- Test fire the firearm in a safe environment to confirm proper functionality.
- Regularly clean and maintain the gas tube to ensure optimal performance.

Disposal Instructions

- When the gas tube reaches the end of its life cycle or is no longer needed, dispose of it in accordance with local regulations.
- Do not dispose of the gas tube in regular household waste; check for recycling options for metal components.
- Ensure that all firearm components are disposed of safely to prevent misuse.

Contact Information for Further Support

For any inquiries or concerns regarding the GTS AR15/AR10 Gas Tube, please refer to the contact information provided with your product packaging or visit the official website of GERMAN TACTICAL SYSTEMS.

Thank you for prioritizing safety and enjoying your shooting experience with the GTS Gas Tube. Remember, safe handling and proper maintenance are key to ensuring your firearm operates reliably and effectively.
