Professional Screwdriver Set 100 Piece Safety Instructions

Introduction

Thank you for choosing the Wheeler 100 Piece Professional F.A.T. Wrench Screwdriver Set. This guide provides important safety instructions and guidelines to ensure safe and effective use of your screwdriver set. Please read this document carefully before using the product.

General Safety Guidelines

- Always inspect the screwdriver set before use. Look for any signs of damage or wear.
- Use the screwdriver set only for its intended purpose. Do not use it for any other applications.
- Keep the screwdriver set out of reach of children and vulnerable individuals.
- Ensure that your work area is clean and welllit to avoid accidents.
- Wear appropriate personal protective equipment (PPE), such as safety glasses, to protect your eyes from debris.
- Store the screwdriver set in a safe and dry place when not in use to prevent damage and accidents.

Specific Safety Precautions for Use

- When using the F.A.T. Wrench, ensure that it is set to the appropriate torque setting for the task at hand.
- Do not exceed the recommended torque range of 1065 inlbs to avoid damaging screws or the tool itself.
- Always use the correct screwdriver bit for the screw type to prevent slippage and injury.
- Avoid using excessive force when tightening screws. If resistance is felt, stop and assess the situation.
- Do not use the screwdriver set for prying or as a lever, as this can cause tool damage and personal injury.
- If the screwdriver set becomes damaged or malfunctioning, discontinue use immediately and contact support.

Instructions for Installation and Usage

1. Selecting the Right Bit:

- Choose the appropriate screwdriver bit from the set based on the type of screw you are working with.
- Ensure that the bit securely fits into the driver handle.

2. Setting the F.A.T. Wrench:

- Adjust the torque setting on the F.A.T. Wrench to match the requirements of your project.
- Confirm that the setting is locked in place before use.

3. Using the Screwdriver:

- Hold the driver handle firmly with a comfortable grip.
- Align the screwdriver bit with the screw and apply steady pressure while turning.
- Monitor the torque setting as you work to avoid overtightening.

4. After Use:

- Clean the screwdriver bits and handle after each use to remove dust and debris.
- Store the screwdriver set in its designated case to keep it organized and protected.

Disposal Instructions

- Dispose of the screwdriver set in accordance with local regulations.
- If the tool is damaged beyond repair, consider recycling materials where possible.
- Do not dispose of the screwdriver set in regular household waste.

Contact Information for Further Support

For any safety inquiries or further assistance, please contact the manufacturer's customer service or refer to the product's official website. Ensure you have the product details available when reaching out for support.

By following these safety instructions, you can ensure the safe and effective use of your Wheeler 100 Piece Professional F.A.T. Wrench Screwdriver Set. Thank you for your attention to safety!
