

# Professional Screwdriver Set - 43 Piece Gunsmithing Screwdriver Set

[Gunsmith Tools](#) > [General Gunsmith Tools](#) > [Gunsmithing Tool Kits](#)

Screwdrivers are one of the most important and most used gunsmithing tools. Wheelers 43 Piece Gunsmithing Screwdriver Set belongs on every gunsmithing bench. Unlike other screwdriver suppliers, Wheelers engineers measured the screws on over one hundred modern and antique firearms to make sure that we offered bits for every situation. Whether you are working on a Browning Superposed, a Remington 700, a Smith and Wesson revolver or a Colt single action, you will find that there is a bit to fit every screw on your gun.

# Professional Screwdriver Set 43 Piece Gunsmithing Screwdriver Set Safety Instructions

## Introduction

Thank you for choosing the Wheeler 43 Piece Gunsmithing Screwdriver Set. This comprehensive set is designed to provide you with the necessary tools for gunsmithing tasks. To ensure your safety and the effective use of this product, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Ensure that you are familiar with the tools and their intended use before starting any project.
- Always inspect the screwdriver set for damage or wear before each use. Do not use damaged tools.
- Keep the screwdriver set out of reach of children and pets to prevent accidents.
- Use the tools only for their intended purpose. Misuse can lead to injury or damage.
- Always wear appropriate personal protective equipment (PPE) such as safety goggles and gloves when using tools.
- Maintain a clean and organized workspace to minimize the risk of accidents.

## Specific Safety Precautions for Use

- When using screwdrivers, ensure that the bit is properly seated in the screw to prevent slipping.
- Do not apply excessive force when using screwdrivers; this can lead to tool breakage or personal injury.
- Use the correct size screwdriver for the screw you are working with to avoid stripping the screw head.
- Avoid using screwdrivers on live electrical circuits. Always ensure power is turned off before working on electrical devices.
- If you experience any discomfort or pain while using the tools, stop immediately and assess your technique or take a break.

## Instructions for Installation and Usage

- Before use, familiarize yourself with the different screwdriver bits included in the set. Each bit is designed for specific screw types and sizes.
- To change a bit:
  1. Hold the screwdriver firmly.
  2. Twist the bit holder counterclockwise to release the current bit.
  3. Insert the new bit into the holder and twist clockwise to secure it in place.
- When using the screwdriver:
  1. Align the bit with the screw head.
  2. Apply gentle pressure and turn the screwdriver in a clockwise direction to tighten or counterclockwise to loosen.
  3. Maintain a steady hand and keep the screwdriver perpendicular to the screw for optimal grip.

## Disposal Instructions

- Dispose of any damaged or wornout screwdrivers responsibly. Check local regulations for guidelines on tool disposal.
- If you no longer need the screwdriver set, consider donating it if it is still in usable condition.

## Contact Information for Further Support

For any safety inquiries or further assistance, please contact your local retailer or the manufacturer. Ensure you have the product details available for quicker assistance.

## Conclusion

By following these safety instructions, you can ensure a safe and effective experience while using the Wheeler 43 Piece Gunsmithing Screwdriver Set. Always prioritize safety and adhere to the guidelines provided. Thank you for your attention to these important safety measures.
