

# ACC Premier Gen2 System - Rem700 - SA - RH - FDE

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

An evolution of competitive shooting, the MDT ACC Premier GEN2 Chassis System offers superior precision, stability, rigidity, and customization, ensuring you have the edge needed to excel in every match.

Features a compact 15" forend, comfortably accommodating barrels starting at 17".

Balancing your competition rifle is important for finding targets quickly and landing follow-up shots. The MDT ACC Premier GEN2 is compatible with a variety of weights to help you achieve that perfect balance.

The ability to finely tune your hand position, cheek weld, and length of pull provides a comfortable shooting experience tailored to you. A wide array of optional accessories that expand and enhance functionality are also available.

# Safety Instruction Guide for ACC Premier Gen2 System Rem700 SA

## Introduction

Thank you for choosing the ACC Premier Gen2 System for your Remington 700 short action rifle. This guide provides essential safety instructions to ensure the safe and effective use of the product. Please read this guide carefully and keep it for future reference.

## General Safety Guidelines

- Ensure that the product is used in accordance with all local laws and regulations regarding firearms and shooting equipment.
- Always treat your firearm as if it is loaded, even if you believe it to be unloaded.
- Store the ACC Premier Gen2 System and your firearm in a secure location, out of reach of children and unauthorized users.
- Regularly inspect the chassis system for any signs of wear or damage before use.
- Follow all safety protocols when handling firearms, including wearing appropriate eye and ear protection.

## Specific Safety Precautions for Use

- Do not exceed the manufacturer's recommended weight limits for accessories and attachments.
- Ensure that all components are properly secured before use to prevent accidents or malfunctions.
- Be aware of your surroundings when shooting, and ensure a safe backstop is in place.
- Avoid using the chassis system in adverse weather conditions that could affect performance or safety.
- If you notice any unusual behavior or performance issues, cease use immediately and consult a qualified professional.

## Instructions for Installation and Usage

### 1. Installation

- Carefully unpack the ACC Premier Gen2 System and inspect all components for damage.
- Follow the manufacturer's instructions to attach the chassis system to your Remington 700 short action rifle.
- Ensure that all screws and fasteners are tightened to the manufacturer's specifications.

### 2. Usage

- Adjust the length of pull, cheek weld, and hand position according to your comfort and shooting style.
- Test the balance of your rifle with the chassis system installed. Make adjustments as necessary to achieve optimal balance.
- Regularly clean and maintain the chassis system according to the manufacturer's guidelines to ensure longevity and performance.

## Disposal Instructions

- Dispose of the ACC Premier Gen2 System in accordance with local regulations regarding electronic waste and materials.
- If the product is damaged beyond repair, ensure that it is disposed of in a way that prevents environmental harm.

## Contact Information for Further Support

For any questions or concerns regarding the ACC Premier Gen2 System, please consult the manufacturer's website or customer support resources.

## Reporting Unsafe Products

- If you encounter any unsafe conditions or accidents involving this product, report them to the appropriate local authorities.
- Regularly check for updates on product recalls via the EU Safety Gate platform to ensure your safety.

Thank you for prioritizing safety and responsible usage. Enjoy your shooting experience with the ACC Premier Gen2 System.
