

SG Pulse

[Shooting Accessories](#) > [Range Gear](#) > [Shot Timers](#)

Digital electronic level provides instant and accurate feedback compared to spirit or mechanical levels.

Bright LEDs allow you to see if the rifle is level in your peripheral vision without taking your eyes off the target, and custom calibration allows you to mount the device in any orientation anywhere on the rifle

Stability mode indicates your MOA, ensuring you press the trigger in the best possible moment.

Switch between Level and Stability mode right on the device, or monitor your measurements on the smartphone or smartwatch.

Cosine indication for those up and downhill shots. Monitor the exact angle and save the precious space on your rifle.

Level the scope to the rifle in a push of a button. SG Pulse will memorize the angle of the rifle, allowing for more precise and easy leveling compared to spirit levels.

Monitor your transition time. SG Pulse will record the time between your shots so you can analyze and improve your transitions.

SG Pulse Safety Instruction Guide

Introduction

Thank you for choosing the SG Pulse digital electronic level. This guide provides essential safety instructions to ensure the safe operation and maintenance of your device. Please read this guide carefully before using the SG Pulse to understand its features and how to use it safely.

General Safety Guidelines

- **Product Safety:** The SG Pulse is designed for safe use as a nonfood product. Always follow the instructions provided to minimize risks.
- **Enhanced Recalls:** In the event of a safety issue, recall notices will be communicated clearly. Ensure you stay updated on any recalls related to this product.
- **Online Shopping:** When purchasing online, ensure that the platform meets safety requirements, similar to physical stores.
- **Special Consumer Focus:** This product is not intended for use by children. Always supervise its use and store it out of reach of minors.
- **EU Contact Point:** For any safety inquiries, refer to the official EU contact points.
- **Rapid Alerts:** Stay informed about any unsafe product alerts through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Avoid Improper Use:** Do not use the SG Pulse in conditions outside its intended purpose. It is designed for leveling firearms and should not be used for other applications.
- **Check for Damage:** Before use, inspect the SG Pulse for any signs of damage. Do not use if the device is cracked or malfunctioning.
- **Battery Safety:** Use only the recommended battery type. Avoid exposing the device to extreme temperatures or moisture.
- **Calibration:** Ensure the device is properly calibrated before each use. Follow the calibration instructions provided in this guide.
- **Avoid Distraction:** While using the SG Pulse, maintain focus on your target and surroundings to ensure safety during operation.

Instructions for Installation and Usage

1. Installation:

- Choose a suitable location on your rifle to mount the SG Pulse. Ensure it is secure and will not interfere with your shooting.
- Follow the manufacturer's instructions for mounting the device in your desired orientation.

2. Usage:

- **Power On:** Press the power button to turn on the SG Pulse.
- **Select Mode:** Use the mode button to switch between Level and Stability modes as needed.
- **Calibrate:** Press the calibration button to set the device according to your rifle's angle.
- **Monitor Levels:** Observe the LED indicators to determine if your rifle is level. The bright LEDs will provide feedback without diverting your attention from the target.
- **Record Transition Times:** Utilize the transition time recording feature to analyze your shooting performance.
- **Cosine Indication:** Use the cosine indication feature for accurate readings on uphill and downhill shots.

3. **PostUse Care:**

- Turn off the device after use to conserve battery life.
- Store the SG Pulse in a safe, dry place away from direct sunlight and moisture.

Disposal Instructions

- **Environmental Responsibility:** Dispose of the SG Pulse according to local regulations for electronic waste. Do not dispose of it in regular household waste.
- **Battery Disposal:** Follow local guidelines for the disposal of batteries. Do not throw batteries into fire or water.

Contact Information for Further Support

For assistance or questions regarding the SG Pulse, please refer to the manufacturer's website or customer support channels. Always keep your purchase information handy for reference.

Thank you for your attention to these safety instructions. Enjoy using your SG Pulse responsibly and safely!
