

# MEPRO M22 3.5/40 MOA BULLSEYE-RED-DAY/NIGHT SELF-ILLUMINATED SIGHT

[Optics & Mounting](#) > [Electronic Sights](#) > [Reflex Sights](#)

The new Mepro M22 is the next generation of the legendary Mepro M21 Reflex Sight, used for decades by the Israeli Defense Force, Militaries, and Law Enforcement agencies worldwide.

Smaller and more compact, the Mepro M22 reflex sight with fiber-optic illumination by day and premium Swiss made tritium vials by night that will operate in any lighting condition with no need for batteries, ever. The transition between the two systems is instantaneous and automatic.

It's rugged, battle-proven construction meets or exceeds rigorous standards to function in the harshest environments. Reliable in any weather conditions, the Mepro M22 is suitable to use with NVDs as well as magnifiers Like the Mepro MMX3.

Tritium luminance is warranted for ten (10) years.

# MEPRO M22 Reflex Sight Safety Instruction Guide

## Introduction

Thank you for choosing the MEPRO M22 Reflex Sight. This guide provides essential safety instructions and information to ensure the safe and effective use of your sight. Please read this manual carefully before use to understand the precautions and procedures necessary for your safety.

## General Safety Guidelines

- Ensure that the MEPRO M22 Reflex Sight is used only for its intended purpose.
- Always handle the sight with care to avoid damage.
- Keep the sight out of reach of children and vulnerable individuals.
- Regularly inspect the sight for any signs of damage or wear.
- If the sight is damaged, do not use it and contact a professional for assessment.
- Be aware of your surroundings when using the sight, especially in public or crowded areas.

## Specific Safety Precautions for Use

- Do not attempt to modify or disassemble the sight, as this may lead to malfunction or injury.
- Use the sight only within the specified temperature and humidity ranges.
- Avoid exposing the sight to harsh chemicals or extreme environmental conditions.
- When using the sight in lowlight conditions, ensure that it is properly illuminated to avoid strain on your eyes.
- Always ensure that the sight is securely mounted before use to prevent it from dislodging.
- If using the sight with night vision devices (NVDs), ensure compatibility to avoid damage to the sight or NVDs.

## Instructions for Installation and Usage

### 1. Installation

- Ensure the firearm is unloaded and pointed in a safe direction before installation.
- Mount the MEPRO M22 Reflex Sight securely onto the firearm's rail system.
- Tighten the mounting screws to the manufacturer's specifications without overtightening.
- Check the alignment of the sight to ensure it is properly positioned.

### 2. Usage

- Activate the sight by ensuring it is in the "On" position.
- Adjust the brightness settings as needed for optimal visibility.
- Use the reticle for aiming and ensure proper alignment with your target.
- Practice using the sight in a controlled environment to become familiar with its operation.

## Disposal Instructions

- Dispose of the MEPRO M22 Reflex Sight in accordance with local regulations regarding electronic waste.
- Do not dispose of the sight in regular household waste.
- If the sight contains tritium vials, follow specific disposal guidelines for hazardous materials.

## Contact Information for Further Support

For any questions or concerns regarding the MEPRO M22 Reflex Sight, please refer to the contact information

provided in the product packaging or visit the manufacturer's website for further assistance.

## **Conclusion**

Following these safety instructions will help ensure your safe and effective use of the MEPRO M22 Reflex Sight. Always prioritize safety and proper handling to enhance your shooting experience. If you have any doubts or require assistance, do not hesitate to seek professional guidance. Thank you for your attention to these important safety guidelines.
