

HYPER BRIGHT FIXED PISTOL S&W - MEPRO HYPER-BRIGHT S&W-M&P SHIELD EZ-GREEN RING

Built upon decades of military innovation and service, Meprolight's tritium usage has remained the benchmark by which tritium illuminance has been measured. The Mepro HYPER-BRIGHT family of pistol sights are the standard by which all tritium pistol sights are measured. Meprolight utilizes a specially formulated manufacturing process giving you an industry-first brightness from broad daylight to no light and in everything in between.

The Mepro HYPER-BRIGHT fixed Day and Night Sights provide the most reliable illumination day or night. Mepro HYPER-BRIGHT fixed sights feature an extremely bright contrast colored ring for fast accurate target acquisition in the daytime. Both rear and front tritium sources will appear green during lowlight and no light scenarios providing the upmost confidence in their ability to make hits when it counts.

Premium Swiss-made tritium vials in the front and rear sights allow for low light and no light conditions. The U-notch on the rear sight naturally directs your eyes to the top of the front sight. Mepro HYPER-BRIGHT sight sets are engineered as a direct upgrade to your factory sights. They are designed to fit all holsters.

The Mepro HYPER-BRIGHT family is drop proof, shockproof, and built for endless abuse or anything you can throw at it. Their ultralight steel construction features a snag-free design making it easy to quickly draw your weapon. Knowing this gives confidence in any environment you may find yourself.

Lastly, our Mepro HYPER-BRIGHT sights require no batteries. They are always on, always ready, 24 hours a day, 7 days a week, 365 days a year. Tritium illuminance is guaranteed for 12 years. They are maintenance-free and can be installed directly with no modifications to your factory slide.

One final thought on the Mepro HYPER-BRIGHT family of sights... they are so bright it makes both eyes dominant.

HYPER BRIGHT FIXED PISTOL S&W MEPRO HYPERBRIGHT S&WM&P SHIELD EZGREEN RING Safety Instruction Guide

Introduction

Thank you for choosing the Mepro HYPERBRIGHT fixed pistol sights. This guide provides essential safety instructions and information to ensure the safe and effective use of your product. Please read this guide carefully before installation and use.

General Safety Guidelines

- Ensure safe use of the Mepro HYPERBRIGHT sights by following these guidelines:
 - Always handle firearms with care and treat every firearm as if it is loaded.
 - Familiarize yourself with local laws and regulations regarding firearm usage and modifications.
 - Inspect your firearm and sights regularly for any signs of wear or damage.
 - Store your firearm and sights securely, out of reach of children and unauthorized users.
 - Use the sights only for their intended purpose and in accordance with the manufacturer's instructions.

Specific Safety Precautions for Use

- When using the Mepro HYPERBRIGHT sights, please observe the following precautions:
 - Do not attempt to modify or disassemble the sights.
 - Ensure that the sights are properly installed before use.
 - Avoid exposing the sights to extreme temperatures or harsh chemicals.
 - Do not use the sights in conditions where visibility is severely compromised (e.g., dense fog, heavy rain).
 - Always ensure that your firearm is pointed in a safe direction when aiming or shooting.

Instructions for Installation and Usage

- Follow these steps for proper installation and usage of the Mepro HYPERBRIGHT sights:

1. Installation:

- Ensure your firearm is unloaded and pointed in a safe direction.
- Remove the factory sights from your firearm according to the manufacturer's instructions.
- Align the Mepro HYPERBRIGHT sights with the mounting slots on your firearm.
- Secure the sights in place using the appropriate tools, ensuring they are firmly attached.
- Verify that the sights are straight and aligned correctly before use.

2. Usage:

- When aiming, focus on the front sight while keeping both eyes open for better awareness of your surroundings.
- The tritium illumination will provide visibility in low light conditions; however, always ensure adequate lighting when possible.
- Practice regularly to become familiar with the sight alignment and target acquisition.

Disposal Instructions

- Dispose of the Mepro HYPERBRIGHT sights responsibly:
 - Follow local regulations for the disposal of firearm accessories.
 - Do not dispose of the sights in regular household waste. Instead, contact local waste management authorities for guidance on proper disposal methods.

Contact Information for Further Support

- For any questions or concerns regarding the Mepro HYPERBRIGHT sights, please refer to the manufacturer's website or contact their customer service for assistance.

Conclusion

By following these safety instructions and guidelines, you can ensure the safe and effective use of your Mepro HYPERBRIGHT fixed pistol sights. Always prioritize safety and responsible firearm handling. Thank you for choosing Meprolight.
