

# **HYPER BRIGHT FIXED PISTOL S&W - MEPRO HYPER-BRIGHT S&W-M&P SHIELD EZ-ORANGE RING**

Built upon decades of military innovation and service, Meprolight's tritium usage has remained the benchmark by which tritium illuminance has been measured. The Mepro HYPER-BRIGHT family of pistol sights are the standard by which all tritium pistol sights are measured. Meprolight utilizes a specially formulated manufacturing process giving you an industry-first brightness from broad daylight to no light and in everything in between.

The Mepro HYPER-BRIGHT fixed Day and Night Sights provide the most reliable illumination day or night. Mepro HYPER-BRIGHT fixed sights feature an extremely bright contrast colored ring for fast accurate target acquisition in the daytime. Both rear and front tritium sources will appear green during lowlight and no light scenarios providing the upmost confidence in their ability to make hits when it counts.

Premium Swiss-made tritium vials in the front and rear sights allow for low light and no light conditions. The U-notch on the rear sight naturally directs your eyes to the top of the front sight. Mepro HYPER-BRIGHT sight sets are engineered as a direct upgrade to your factory sights. They are designed to fit all holsters.

The Mepro HYPER-BRIGHT family is drop proof, shockproof, and built for endless abuse or anything you can throw at it. Their ultralight steel construction features a snag-free design making it easy to quickly draw your weapon. Knowing this gives confidence in any environment you may find yourself.

Lastly, our Mepro HYPER-BRIGHT sights require no batteries. They are always on, always ready, 24 hours a day, 7 days a week, 365 days a year. Tritium illuminance is guaranteed for 12 years. They are maintenance-free and can be installed directly with no modifications to your factory slide.

One final thought on the Mepro HYPER-BRIGHT family of sights... they are so bright it makes both eyes dominant.

## **Attributes**

- Name: [\*\*MEPRO HYPER-BRIGHT S&W-M&P SHIELD EZ-ORANGE RING\*\*](#)
- Manufacturer: [\*\*MEPROLIGHT\*\*](#)
- Product no.: EU2012712

# **HYPER BRIGHT FIXED PISTOL S&W MEPROLIGHT SAFETY INSTRUCTION GUIDE**

## **Introduction**

Thank you for choosing the HYPER BRIGHT FIXED PISTOL SIGHTS by Meprolight. These sights are designed to enhance your shooting experience by providing reliable illumination in both day and night conditions. This safety instruction guide is designed to help you understand the safe use, installation, and disposal of your new sights, in compliance with the EU General Product Safety Regulation (GPSR).

## **General Safety Guidelines**

- Always ensure that the firearm is unloaded before installing or handling the sights.
- Use the sights only on compatible firearms as specified in the product description.
- Keep the sights and firearm out of reach of children and unauthorized users.
- Regularly inspect the sights for any signs of damage or wear.
- If you notice any damage or malfunction, discontinue use immediately and seek assistance.
- Ensure proper training and understanding of firearm safety before use.
- Follow all local laws and regulations regarding firearm and accessory usage.

## **Specific Safety Precautions for Use**

- The HYPER BRIGHT sights are designed for use in various lighting conditions. However, avoid exposing them to extreme temperatures or harsh chemicals.
- Do not attempt to modify or disassemble the sights, as this may affect their performance and safety.
- Always use appropriate eye protection when handling or firing your firearm.
- Be aware of your surroundings and ensure a safe shooting environment at all times.
- The sights are designed for adult users. Keep them away from children and ensure they are not used by inexperienced shooters without supervision.

## **Instructions for Installation and Usage**

### **Installation**

1. Ensure the firearm is unloaded and pointed in a safe direction.
2. Remove the existing sights from your firearm according to the manufacturer's instructions.
3. Align the Mepro HYPERBRIGHT sights with the sight dovetails on your firearm.
4. Secure the sights in place using the appropriate tools, ensuring they are firmly attached.
5. Doublecheck the alignment and stability of the sights before using the firearm.

### **Usage**

- The HYPERBRIGHT sights are always on and require no batteries. They provide continuous illumination.
- During daylight, the contrast colored ring enhances target acquisition.
- In low light or no light conditions, the tritium sources will glow green, providing visibility.
- Use the Unotch on the rear sight to naturally direct your eyes to the top of the front sight for accurate aiming.

## **Disposal Instructions**

- When disposing of the Mepro HYPERBRIGHT sights, follow local regulations for electronic waste and hazardous materials.
- Do not dispose of the sights in regular household waste.

- Contact your local waste management authority for proper disposal methods.

## **Contact Information for Further Support**

For any inquiries or concerns regarding the HYPER BRIGHT FIXED PISTOL SIGHTS, please refer to the contact information provided in the product packaging or visit the manufacturer's website for assistance.

Thank you for choosing Meprolight. Your safety is our priority.
