

HYPER BRIGHT FIXED PISTOL S&W - MEPRO HYPER-BRIGHT PLUS S&W M&P SHIELD EZ-YELLOW RING

Built upon decades of military innovation and service, Meprolight's tritium usage has remained the benchmark by which tritium illuminance has been measured. The Mepro HYPER-BRIGHT family of pistol sights are the standard by which all tritium pistol sights are measured. Meprolight utilizes a specially formulated manufacturing process giving you an industry-first brightness from broad daylight to no light and in everything in between.

The Mepro HYPER-BRIGHT fixed Day and Night Sights provide the most reliable illumination day or night. Mepro HYPER-BRIGHT fixed sights feature an extremely bright contrast colored ring for fast accurate target acquisition in the daytime. Both rear and front tritium sources will appear green during lowlight and no light scenarios providing the upmost confidence in their ability to make hits when it counts.

Premium Swiss-made tritium vials in the front and rear sights allow for low light and no light conditions. The U-notch on the rear sight naturally directs your eyes to the top of the front sight. Mepro HYPER-BRIGHT sight sets are engineered as a direct upgrade to your factory sights. They are designed to fit all holsters.

The Mepro HYPER-BRIGHT family is drop proof, shockproof, and built for endless abuse or anything you can throw at it. Their ultralight steel construction features a snag-free design making it easy to quickly draw your weapon. Knowing this gives confidence in any environment you may find yourself.

Lastly, our Mepro HYPER-BRIGHT sights require no batteries. They are always on, always ready, 24 hours a day, 7 days a week, 365 days a year. Tritium illuminance is guaranteed for 12 years. They are maintenance-free and can be installed directly with no modifications to your factory slide.

One final thought on the Mepro HYPER-BRIGHT family of sights... they are so bright it makes both eyes dominant.

HYPER BRIGHT FIXED PISTOL SIGHT SAFETY INSTRUCTION GUIDE

Introduction

Thank you for choosing the HYPER BRIGHT FIXED PISTOL SIGHT by Meprolight. This guide provides essential safety instructions and information on the proper use, installation, and maintenance of your pistol sights. Please read this guide carefully to ensure safe and effective operation.

General Safety Guidelines

To ensure your safety and the safety of others, please follow these general guidelines:

- **Product Safety:** Ensure safe use of your pistol sights according to the manufacturer's instructions.
- **Enhanced Recalls:** Be aware of any recall notices regarding your product and follow the manufacturer's instructions for returns or replacements.
- **Online Shopping:** If purchased online, ensure that the seller complies with EU safety requirements.
- **Special Consumer Focus:** Keep the product out of reach of children and vulnerable individuals.
- **EU Contact Point:** For safety inquiries, refer to the manufacturer's contact information.
- **Rapid Alerts:** Stay informed about product safety updates via the EU Safety Gate platform.

Specific Safety Precautions for Use

To avoid hazards associated with the use of the HYPER BRIGHT FIXED PISTOL SIGHT, please adhere to the following precautions:

- Always ensure your firearm is unloaded before installing or adjusting the sights.
- Do not attempt to modify or disassemble the sights, as this may compromise safety and performance.
- Use the sights only for their intended purpose as specified by the manufacturer.
- Avoid exposing the sights to extreme temperatures, chemicals, or physical impacts that may damage them.
- Regularly inspect the sights for any signs of wear or damage. If any issues are detected, discontinue use and consult a professional.

Instructions for Installation and Usage

Proper installation and usage are crucial for optimal performance and safety. Follow these steps:

Installation

1. Prepare Your Firearm:

- Ensure your firearm is unloaded and pointed in a safe direction.

2. Remove Existing Sights:

- Use appropriate tools to carefully remove the factory-installed sights from your firearm.

3. Install HYPER BRIGHT Sights:

- Align the new HYPER BRIGHT sights with the mounting points on your firearm.
- Secure the sights in place according to the manufacturer's specifications, ensuring they are firmly attached.

4. **Check Alignment:**

- After installation, verify that the sights are aligned correctly for accurate aiming.

Usage

- **Daytime Use:**
 - The bright contrast colored ring aids in target acquisition during daylight conditions.
- **Low Light Conditions:**
 - The tritium sources will illuminate the sights in low light and no light scenarios, ensuring visibility.
- **Confidence in Performance:**
 - Trust in the reliability of the sights for accurate aiming, regardless of lighting conditions.

Disposal Instructions

When it is time to dispose of your HYPER BRIGHT FIXED PISTOL SIGHT, please follow these guidelines:

- Do not dispose of the sights in regular household waste.
- Check local regulations for the proper disposal of firearm accessories and materials.
- If the sights are damaged or no longer functional, contact a professional for guidance on safe disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the HYPER BRIGHT FIXED PISTOL SIGHT, please refer to the manufacturer's contact information. Ensure you have your product details ready for any inquiries.

By following these safety instructions and guidelines, you can ensure the safe and effective use of your HYPER BRIGHT FIXED PISTOL SIGHT. Thank you for your attention to safety.
