

# MEPRO FT BULLSEYE FRONT SIGHT - MEPRO FT BULLSEYE SIG P365XL

Born from an engineering masterpiece, the Mepro FT Bullseye family, the world's smallest and brightest reflex-style optic for pistols, is so intuitive it will make you a much faster and accurate marksman. The low height over bore single-night-sight design is powered by fiber optics to master the day, while premium-grade tritium handles low-light as well as the darkest conditions.

The Mepro FT Bullseye Sight was designed to fit most standard holster designs with no adjustments allowing the shooter to just install the sight to the slide and hit the range.

The Mepro FT Bullseye is drop proof and shock proof, built for endless rounds under heavy recoil. The ultralight, snag-free design is easy to draw and enables instinctive aiming under pressure. This family of sights gives you one serious advantage above all else, they are Always on and Always Ready.

# MEPRO FT Bullseye Front Sight Safety Instructions

## Introduction

Thank you for choosing the MEPRO FT Bullseye Front Sight designed for the SIG P365XL. This guide provides important safety information and instructions for the proper use, installation, and disposal of your product. Please read this guide carefully to ensure safe and effective use.

## General Safety Guidelines

- Ensure that you are familiar with the operation and handling of firearms before using this product.
- Always treat your firearm as if it is loaded, even when it is not.
- Store the firearm and the sight in a secure location away from children and unauthorized users.
- Regularly inspect the sight for any damage or wear before use. Do not use if damaged.
- Follow all local laws and regulations regarding firearm accessories and usage.
- Be aware of your surroundings and ensure a safe environment when using your firearm.

## Specific Safety Precautions for Use

- Do not attempt to modify the sight or its mounting system. Modifications may compromise safety and performance.
- Always ensure that the sight is properly mounted and secured to the firearm before use.
- Avoid using the sight in extreme environmental conditions that may affect its performance, such as excessive heat, cold, or moisture.
- If you experience any issues with the sight, such as misalignment or failure to function, cease use immediately and consult a qualified professional.
- Use only with firearms that are compatible with the MEPRO FT Bullseye design.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the existing sight from the firearm according to the manufacturer's instructions.
- Align the MEPRO FT Bullseye Sight with the mounting dovetail on the slide of the firearm.
- Secure the sight in place using the appropriate tools, ensuring it is firmly attached.
- Check alignment and make any necessary adjustments before use.

### 2. Usage:

- Familiarize yourself with the sight's features and how to use it effectively.
- Practice aiming and shooting in a controlled environment to develop your skills.
- Use the sight in accordance with the specific lighting conditions, utilizing the fiber optics for daytime and tritium for lowlight situations.
- Always maintain proper firearm handling practices while using the sight.

## Disposal Instructions

- Dispose of the sight in accordance with local regulations for electronic and optical devices.
- Do not dispose of the sight in regular household waste. Check for designated recycling facilities or hazardous waste disposal options in your area.
- Ensure that any batteries or electronic components are disposed of according to local guidelines.

## **Contact Information for Further Support**

For any inquiries or concerns regarding the MEPRO FT Bullseye Front Sight, please refer to the manufacturer's website or customer service resources for assistance.

By following these safety instructions and guidelines, you can ensure a safer and more effective experience with your MEPRO FT Bullseye Front Sight. Always prioritize safety and responsible firearm handling.
