

# Full Length Die 7/8 - Full Length Die 7mm BR Rem

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The FL dies is used to size the cartridge case on full length. In addition to a removable expander our FL dies have an integrated primer ejector pin. All used spindles, the expander and ejector pin can be replaced easily if necessary, with just little effort.

Calibration takes place when the cartridge case is pushed into the die. The neck of the case is calibrated from the inside when it is moved out of the die. This will form the cartridge case and achieves a correct neck tension.

The correct position of the die in the press is set with the lock nut. All relevant components have an article number for easy reordering if necessary. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# Full Length Die 7/8 Safety Instruction Guide

## Introduction

Thank you for choosing the Full Length Die 7/8 Full Length Die 7mm BR Rem. This product is designed to help you size cartridge cases safely and effectively. To ensure your safety and the optimal performance of this product, please read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- Always use the die in accordance with the manufacturer's instructions.
- Ensure that the die is installed correctly in the press before use.
- Regularly inspect the die for any signs of damage or wear.
- Keep the die out of reach of children and vulnerable individuals.
- Report any unsafe conditions or incidents to the appropriate authorities.
- Stay informed about product recalls and safety updates via the EU Safety Gate platform.

## Specific Safety Precautions for Use

- **Hazard Identification:**
  - Risk of injury from improper handling or misuse of the die.
  - Risk of damage to the die or press if not used correctly.
- **Avoiding Hazards:**
  - Always wear appropriate safety gear, such as safety glasses, when operating the die.
  - Ensure that your workspace is clean and free from any obstructions.
  - Do not exceed the recommended load limits for the die.
  - Use only compatible cartridge cases with the die.
  - Follow the manufacturer's recommendations for maintenance and replacement of parts.
- **AgeSpecific Warnings:**
  - This product is intended for adult use only. Keep out of reach of children.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that the press is turned off and unplugged before installation.
- Securely attach the die to the press using the lock nut, ensuring it is properly aligned.
- Check that the expander and ejector pin are correctly installed and functional.

### 2. Usage:

- Insert the cartridge case into the die, ensuring it is seated properly.
- Apply steady pressure to size the case. Calibration occurs automatically as the case is pushed into the die.
- After sizing, remove the case carefully and inspect it for proper neck tension.
- If necessary, replace any worn parts such as the expander or ejector pin by following the manufacturer's instructions.

### 3. PostUsage Care:

- Clean the die after each use to prevent buildup of debris.
- Store the die in a dry, safe location when not in use.

## **Disposal Instructions**

- Dispose of any damaged or worn components in accordance with local regulations.
- Do not dispose of the product in household waste. Check with local authorities for proper disposal methods.

## **Contact Information for Further Support**

For any inquiries or support regarding the Full Length Die 7/8, please refer to the manufacturer's contact information included in the product packaging or manual.

By following these safety instructions, you can ensure a safe and effective experience while using the Full Length Die 7/8 Full Length Die 7mm BR Rem. Thank you for your attention to safety.
