

# Bench-Rest Neck Die 7/8 - Bench-Rest Neck Die 7mm BR Rem

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Bench-Rest (BR)-Neck-Die guides the cartridge case over the full length before the cartridge case will be formed with an interchangeable precision ground bushing.

The guide sleeve has the internal contour of the cartridge chamber to cover the cartridge case.

The guide sleeve and the body of this reloading-die are perfectly matched to ensure exact axial alignment of the cartridge during the sizing process.

Of course, the BR-Neck-sizer has an optional expander and the exchangeable primer ejector pin.

This die is the perfect choice for those, who want to leave nothing to chance when reloading.

All relevant components have an article number for easy reordering if necessary.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# BenchRest Neck Die 7mm BR Rem Safety Instructions

## Introduction

Thank you for choosing the BenchRest Neck Die 7/8 for your reloading needs. This product is designed to provide precision and reliability during the reloading process. To ensure safe and effective use, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Ensure that you are familiar with the reloading process and the specific requirements of your firearm.
- Always wear appropriate safety gear, including safety glasses and gloves, when handling reloading equipment.
- Keep the reloading area clean and organized to prevent accidents.
- Store all reloading components, including the BenchRest Neck Die, in a secure location away from children and unauthorized users.
- Be aware of your surroundings and ensure that you are not distracted while reloading.

## Specific Safety Precautions for Use

- Before using the BenchRest Neck Die, inspect it for any signs of damage or wear. Do not use if damaged.
- Use only the recommended cartridge cases with this die to avoid malfunction or damage.
- Follow the manufacturer's specifications for the correct bushing and expander usage.
- Always perform reloading operations in a wellventilated area to avoid inhalation of dust or fumes.
- Do not exceed recommended load data when reloading ammunition.
- Keep fingers and other body parts clear of the die during operation to avoid injury.

## Instructions for Installation and Usage

### 1. Installation

- Ensure that your reloading press is securely mounted and stable.
- Remove any existing dies from the press and clean the threads if necessary.
- Thread the BenchRest Neck Die into the press using the 7/8 inch thread, ensuring it is tightly secured.
- Adjust the die to the desired position for sizing the cartridge case.

### 2. Usage

- Insert the cartridge case into the die.
- Use the handle of the reloading press to size the cartridge case. Ensure that the case is fully seated in the die.
- If using the optional expander, follow the instructions provided with the expander for proper usage.
- After sizing, withdraw the cartridge case from the die carefully.
- Inspect the sized cartridge case for any defects before proceeding with further reloading steps.

## Disposal Instructions

- Dispose of any damaged or worn reloading components in accordance with local regulations.
- Do not dispose of reloading materials in regular household waste. Follow local guidelines for hazardous waste disposal.
- Ensure that all packaging materials are recycled or disposed of responsibly.

## **Contact Information for Further Support**

For any inquiries regarding the BenchRest Neck Die or safety concerns, please refer to the manufacturer's contact information provided in the product manual or on the official website.

By following these safety instructions, you can ensure a safe and effective reloading experience with the BenchRest Neck Die 7/8. Always prioritize safety and consult the manufacturer's guidelines for any specific concerns. Thank you for your attention to these important safety measures.
