

## Full Length Die 1 1/4 - Full Length Die 7mm SE v.H.

The FL dies is used to size the cartridge case on full length. In addition to a removable expander our FL dies have an integrated primer ejector pin. All used spindles, the expander and ejector pin can be replaced easily if necessary, with just little effort.

Calibration takes place when the cartridge case is pushed into the die. The neck of the case is calibrated from the inside when it is moved out of the die. This will form the cartridge case and achieves a correct neck tension.

The correct position of the die in the press is set with the lock nut. All relevant components have an article number for easy reordering if necessary. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

## Safety Instructions

### Introduction

Thank you for choosing the Full Length Die 1 1/4 Full Length Die 7mm SE v.H. This product is designed for precise cartridge case sizing and is equipped with features to enhance your reloading experience. However, to ensure safe and effective use, it is important to follow the safety guidelines and instructions outlined in this manual.

### General Safety Guidelines

- Always read and understand the instructions before using the die.
- Ensure that the die is used only for its intended purpose.
- Keep the die out of reach of children and vulnerable individuals.
- Inspect the die regularly for any signs of wear or damage.
- Use appropriate personal protective equipment (PPE), such as safety glasses, when operating the die.
- Do not modify the die or use it in a manner not specified by the manufacturer.

### Specific Safety Precautions for Use

- Ensure the die is securely mounted in the press before use.
- Do not exceed the recommended load limits for your reloading setup.
- Always keep hands and other body parts clear of moving parts during operation.
- If the die becomes jammed or difficult to operate, stop using it immediately and seek assistance.
- Store the die in a dry and secure location when not in use to prevent damage and unauthorized access.

### Instructions for Installation and Usage

#### 1. Installation:

- Ensure that your reloading press is compatible with the Full Length Die.
- Clean the die and press mounting area to remove any debris.
- Securely mount the die into the press using the provided lock nut. Ensure it is tightened properly to prevent movement during use.

#### 2. Usage:

- Insert the cartridge case into the die.
- Operate the press to push the cartridge case into the die. This will calibrate the neck of the case from the inside.
- Monitor the process to ensure that the case is being sized correctly.
- After sizing, remove the cartridge case from the die.
- If necessary, replace the expander or ejector pin according to the instructions in the manual.

### Disposal Instructions

- Dispose of the die and any related components in accordance with local regulations.
- Do not dispose of the die in regular household waste if it contains hazardous materials.
- Consider recycling options for metal components where applicable.

## Contact Information for Further Support

For any inquiries regarding the Full Length Die, please consult the manufacturer's manual or visit the official website for support resources.

## Conclusion

By following these safety instructions, you can ensure a safe and effective experience with the Full Length Die 1 1/4 Full Length Die 7mm SE v.H. Always prioritize safety and compliance with the EU General Product Safety Regulation (GPSR) to protect yourself and others while using this product.
