

Full Length Die 1 1/4 - Full Length Die 7mm WSM

The FL dies is used to size the cartridge case on full length. In addition to a removable expander our FL dies have an integrated primer ejector pin. All used spindles, the expander and ejector pin can be replaced easily if necessary, with just little effort.

Calibration takes place when the cartridge case is pushed into the die. The neck of the case is calibrated from the inside when it is moved out of the die. This will form the cartridge case and achieves a correct neck tension.

The correct position of the die in the press is set with the lock nut. All relevant components have an article number for easy reordering if necessary. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

Full Length Die 1 1/4 Full Length Die 7mm WSM Safety Instruction Guide

Introduction

Thank you for choosing the Full Length Die 1 1/4 Full Length Die 7mm WSM. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read through this document carefully before using the die.

General Safety Guidelines

- Always read and follow the manufacturer's instructions.
- Ensure that the die is compatible with your reloading press.
- Keep the die out of reach of children and vulnerable individuals.
- Inspect the die for any signs of damage before each use.
- Use personal protective equipment (PPE) such as safety glasses and gloves when operating the die.
- Store the die in a dry, safe location when not in use.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

• Hazard Identification:

- The die may create sharp edges that can cause cuts.
- Improper use can lead to misfires or damaged cartridges.
- Using a damaged die may result in injury or product failure.

• Avoiding Hazards:

- Always handle the die with care to avoid cuts from sharp edges.
- Ensure that the die is securely fastened to the reloading press before use.
- Do not exceed the recommended specifications for cartridge sizing.
- Keep hands and body parts clear of the die during operation.

• AgeSpecific Warnings:

- This product is not intended for use by individuals under the age of 18.
- Ensure that inexperienced users are supervised by a knowledgeable adult.

Instructions for Installation and Usage

1. Installation:

- Ensure the reloading press is on a stable surface.
- Remove the lock nut from the die.
- Insert the die into the reloading press and tighten securely.
- Replace the lock nut to secure the die in place.

2. Calibration:

- Push the cartridge case into the die to calibrate.
- The neck of the case will be calibrated from the inside as it exits the die.
- Check the neck tension to ensure it is correct.

3. Operation:

- Use the removable expander and primer ejector pin as needed.
- If the expander or ejector pin becomes worn or damaged, replace them immediately.
- Follow the manual for further instructions on selecting accessories and spare parts.

4. PostUsage Care:

- Clean the die after each use to remove any debris or residue.
- Inspect the die for any wear or damage before storing.

Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.
- Do not throw the die in regular household waste.
- Check with your local waste management authority for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the Full Length Die 1 1/4 Full Length Die 7mm WSM, please refer to the manufacturer's contact information provided in the product manual. Ensure you have the product's article number at hand for efficient assistance.

This safety instruction guide is designed to comply with the EU General Product Safety Regulation (GPSR). By following these guidelines, you can ensure a safe and effective reloading experience with your Full Length Die. Thank you for prioritizing safety.
