

Full Length Die 1 1/4 - Full Length Die 7mm Wea Mag

The FL dies is used to size the cartridge case on full length. In addition to a removable expander our FL dies have an integrated primer ejector pin. All used spindles, the expander and ejector pin can be replaced easily if necessary, with just little effort.

Calibration takes place when the cartridge case is pushed into the die. The neck of the case is calibrated from the inside when it is moved out of the die. This will form the cartridge case and achieves a correct neck tension.

The correct position of the die in the press is set with the lock nut. All relevant components have an article number for easy reordering if necessary. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

Full Length Die 1 1/4 Full Length Die 7mm Wea Mag Safety Instructions

Introduction

Thank you for choosing the Full Length Die 1 1/4 Full Length Die 7mm Wea Mag. This guide provides important safety instructions to ensure the safe and effective use of this product. Please read the entire guide carefully before using the die.

General Safety Guidelines

- Ensure that the die is used only for its intended purpose of resizing cartridge cases.
- Always wear appropriate safety gear, including safety glasses and gloves, when handling the die and working with cartridge cases.
- Keep the die and all related tools out of reach of children and vulnerable individuals.
- Regularly inspect the die for any signs of wear or damage. Do not use if any components are broken or malfunctioning.
- Follow all local regulations regarding the handling and use of reloading equipment and materials.

Specific Safety Precautions for Use

- Always ensure that the die is securely mounted in the press before use.
- Use the die only with compatible cartridge cases to avoid malfunction or accidents.
- Be cautious when handling the expander and ejector pin; these components can be sharp and may cause injury.
- Do not attempt to modify or alter the die or its components in any way.
- If you notice any unusual behavior during operation, such as excessive resistance or noise, stop using the die immediately and inspect it.

Instructions for Installation and Usage

1. Installation:

- Ensure the press is turned off and unplugged before installation.
- Securely attach the die to the press using the lock nut, ensuring it is aligned properly.
- Check that all components, including the expander and ejector pin, are correctly installed and functional.

2. Usage:

- Insert the cartridge case into the die and apply steady pressure to resize it.
- Monitor the operation closely, ensuring that the die is functioning smoothly.
- After resizing, remove the cartridge case and check for proper neck tension.
- If necessary, replace the expander and ejector pin with minimal effort as per the manufacturer's instructions.

Disposal Instructions

- Dispose of any damaged or wornout components in accordance with local regulations for hazardous waste.
- Ensure that all materials are disposed of safely to prevent environmental contamination.

Contact Information for Further Support

For any questions or concerns regarding the Full Length Die 1 1/4 Full Length Die 7mm Wea Mag, please refer to the manufacturer's contact information provided in the product manual. It is important to have access to support for any safety inquiries or assistance needed.

By following these guidelines and instructions, you can ensure a safe and effective experience with your Full Length Die. Thank you for prioritizing safety while using this product.
