Bullet Seater with crimp (Seat)

Our standard bullet seaters guide the bullet in an exact guide bushing. This ensures good accuracy.

The Bullet Seater is the solid choice for quickly seating the bullet.

As standard, the Bullet Seater offers the option to crimp the mouth of the cartridge case. This means that you can work with or without a crimp.

The seater-head can be easily replaced to another type. We offer various types of seater-heads.

Choosing the correct seater head for the bullet used often improves concentricity significantly.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

Safety Instructions for Seater with Crimp 1 1/4

Introduction

Thank you for choosing the Seater with Crimp 1 1/4. This product is designed for precision bullet seating and crimping, ensuring excellent accuracy in your reloading process. To ensure safe and effective use, please read and follow these safety instructions carefully.

General Safety Guidelines

- Always use the Seater with Crimp in accordance with the manufacturer's instructions.
- Ensure that the product is used only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product for any damage or wear before each use.
- Report any unsafe conditions or accidents to the relevant authorities immediately.
- Regularly check for recall updates on the EU's Safety Gate platform to stay informed about product safety.

Specific Safety Precautions for Use

- Use proper eye protection when operating the Seater with Crimp.
- Avoid wearing loose clothing or accessories that may get caught in the equipment.
- Ensure that your workspace is clean and free from any obstructions.
- Do not exceed the recommended specifications for the bullet and cartridge case.
- Always keep hands clear of moving parts during operation.
- If you experience any unusual noise or vibration, stop using the product immediately and check for issues.

Instructions for Installation and Usage

1. Installation

- Ensure that the Seater with Crimp is compatible with your reloading press.
- Securely attach the Seater to the reloading press, following the manufacturer's guidelines.
- Confirm that the seaterhead is properly installed and tightened.

2. Usage

- Set the desired seating depth according to your bullet specifications.
- Insert the cartridge case into the reloading press.
- Place the bullet into the case mouth.
- Operate the press to seat the bullet. Ensure that the bullet is guided into the case by the seater.
- If crimping is desired, adjust the crimping mechanism according to the instructions provided.
- After seating, visually inspect the cartridge to ensure proper bullet seating and crimping.

3. Maintenance

- Regularly clean the Seater with Crimp to remove any debris or residue.
- Inspect the seaterhead and other components for wear and replace as necessary.
- Store the product in a dry, safe location when not in use.

Disposal Instructions

- Dispose of the Seater with Crimp in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Contact your local waste management authority for guidance on proper disposal methods.

Contact Information for Further Support

- For further assistance, please refer to the manual for detailed instructions and troubleshooting tips.
- If you have any safety inquiries, please reach out to the appropriate EU contact point for guidance.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priorities. Enjoy using your Seater with Crimp 1 1/4!
