

# Bench-Rest-Seater 1 1/4 - Bench-Rest-Seater 7mm SE v.H.

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of "bullet runout", there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# BenchRestSeater Safety Instruction Guide

## Introduction

Thank you for choosing the BenchRestSeater 1 1/4 and 7mm SE v.H. This product is designed to provide you with precision in seating match bullets. To ensure your safety and the effective use of this product, please read and follow the guidelines outlined in this manual.

## General Safety Guidelines

- Always handle the BenchRestSeater with care to avoid injury.
- Keep the product out of reach of children and vulnerable individuals.
- Ensure that your workspace is clean and organized to prevent accidents.
- Do not use the product if it is damaged or malfunctioning.
- Follow all local laws and regulations regarding the use of reloading equipment.

## Specific Safety Precautions for Use

- When seating bullets, ensure that you are wearing appropriate eye protection to guard against debris.
- Always doublecheck that the correct seater head is installed for the bullet you are using.
- Avoid overtightening any components, as this may lead to damage or malfunction.
- Use the seater in a wellventilated area to avoid inhaling any fumes from the materials used.
- Never leave the product unattended while in use.

## Instructions for Installation and Usage

### 1. Installation of Seater Head

- Select the appropriate seater head for your bullet type.
- Align the seater head with the main body of the BenchRestSeater.
- Secure the seater head by tightening it gently, ensuring it is firmly in place but not overtightened.

### 2. Seating Bullets

- Place the cartridge case into the seating chamber.
- Insert the bullet into the cartridge case.
- Slowly pull the handle to seat the bullet, ensuring that the bullet is guided properly by the seater head.
- Check for concentricity after seating to ensure that the bullet is seated correctly.

### 3. Maintenance

- Clean the BenchRestSeater regularly to prevent buildup of debris.
- Inspect all components for wear and tear before each use.
- Replace any damaged parts immediately to maintain safety and performance.

## Disposal Instructions

- Dispose of any broken or unusable parts in accordance with local regulations.
- Do not throw the product in regular household waste if it contains hazardous materials.
- Check with local authorities for proper disposal methods for reloading equipment.

## **Contact Information for Further Support**

For safety inquiries and support, please refer to the contact information provided with your product packaging. Always ensure you have access to a representative who can assist you with any questions or concerns regarding the BenchRestSeater.

## **Conclusion**

By following these safety guidelines and instructions, you can ensure a safe and effective experience with your BenchRestSeater. If you have any questions or concerns about the product, please do not hesitate to reach out for support. Your safety is our priority.
