

# Bench-Rest-Seater 1 1/4 - Bench-Rest-Seater 7mm Blaser Mag

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of "bullet runout", there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# BenchRestSeater 1 1/4 and BenchRestSeater 7mm Blaser Mag Safety Instructions

## Introduction

Thank you for choosing the BenchRestSeater 1 1/4 and BenchRestSeater 7mm Blaser Mag. This product is designed for precision seating of match bullets, ensuring optimal performance and accuracy. To ensure safe and effective use of this product, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always follow the manufacturer's instructions when using the BenchRestSeater.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before use.
- In case of any malfunction, discontinue use immediately and seek assistance.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Stay informed about product recalls through the EU Safety Gate platform.

## Specific Safety Precautions for Use

- **Personal Protective Equipment (PPE):**
  - Always wear safety glasses to protect your eyes from debris.
  - Use gloves to avoid direct contact with sharp edges or components.
- **Handling:**
  - Handle the BenchRestSeater with care to avoid injury.
  - Ensure that the work area is clean and free of obstructions.
- **Seating Operation:**
  - Ensure proper alignment of the cartridge case and bullet before seating.
  - Do not force the bullet into the case; apply steady and even pressure.
  - Avoid distractions while performing seating operations to maintain focus.
- **Storage:**
  - Store the product in a dry and secure location when not in use.
  - Keep the product in its original packaging or a protective case to prevent damage.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that the BenchRestSeater is compatible with your reloading setup.
- Securely attach the seater head that is appropriate for the bullet type you are using.
- Check that all components are tightly fitted before starting the operation.

### 2. Usage:

- Place the cartridge case into the seating die.
- Insert the bullet into the cartridge case, ensuring it is aligned properly.
- Slowly and steadily press the seater handle to seat the bullet.
- Monitor the seating depth and check for any runout during the process.
- Remove the completed cartridge from the die and inspect for proper seating.

## Disposal Instructions

- Dispose of any defective or damaged components in accordance with local regulations.
- Do not dispose of the product in household waste. Instead, take it to a designated recycling facility.
- Ensure that any hazardous materials are disposed of safely and responsibly.

## Contact Information for Further Support

For any questions or concerns regarding the BenchRestSeater, please refer to the product manual or contact the manufacturer directly. Always ensure that you have the latest information and support regarding your product.

Thank you for prioritizing safety while using the BenchRestSeater. Your adherence to these guidelines helps ensure a safe and effective reloading experience.
