

Bench-Rest-Seater 1 1/4 - Bench-Rest-Seater 7mm WSM

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of “bullet runout”, there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

BenchRestSeater 1 1/4 and 7mm WSM Safety Instruction Guide

Introduction

Thank you for choosing the BenchRestSeater 1 1/4 and 7mm WSM. This product is designed for precision seating of match bullets, ensuring the highest levels of accuracy. To ensure your safety and the effective use of this product, please read and follow these safety instructions carefully.

General Safety Guidelines

- Ensure the product is used in accordance with the manufacturer's instructions.
- Always handle the BenchRestSeater with care to prevent accidents or injuries.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before use.
- If you notice any defects or malfunctions, discontinue use immediately and seek assistance.
- Be aware of your surroundings when using this product to avoid accidents.

Specific Safety Precautions for Use

- Use the seaterhead that is appropriate for the bullet being used to improve concentricity and safety.
- Always ensure that the cartridge case is correctly positioned in the guide sleeve before seating the bullet.
- Do not exceed the recommended load capacities of the BenchRestSeater.
- Do not attempt to modify or alter the product in any way.
- Wear appropriate personal protective equipment (PPE), such as safety glasses, when using this product.
- Avoid using the product in wet or damp conditions to prevent electrical hazards.

Instructions for Installation and Usage

1. Preparation:

- Ensure that your work area is clean and welllit.
- Gather all necessary components, including the BenchRestSeater, appropriate seaterhead, and cartridges.

2. Installation:

- Secure the BenchRestSeater to a stable work surface using appropriate clamps or fixtures.
- Select the correct seaterhead for the bullet you will be using and attach it to the seaterhead assembly according to the manufacturer's instructions.

3. Seating Process:

- Insert the cartridge case into the guide sleeve, ensuring it is properly aligned.
- Place the bullet into the seating area, ensuring it is positioned correctly.
- Slowly and steadily apply pressure to the seaterhead to seat the bullet into the cartridge case.
- Check the bullet's alignment and concentricity after seating.

4. PostUse:

- Clean the BenchRestSeater after each use to maintain its performance and longevity.
- Store the product in a dry and secure location when not in use.

Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.
- Recycle packaging materials whenever possible.
- Do not dispose of the product in household waste. Check with local waste management for proper disposal methods.

Contact Information for Further Support

For any safety inquiries or concerns regarding the BenchRestSeater, please contact your local distributor or the manufacturer directly. Ensure that you have the product information ready for reference.

By following these safety instructions, you can ensure a safe and effective experience with the BenchRestSeater 1 1/4 and 7mm WSM. Thank you for your attention to safety and compliance with the EU General Product Safety Regulation.
