# MDT HNT Chassis Safety Instruction Guide

## Introduction

Thank you for choosing the MDT HNT Chassis HNT26 for your Remington 700. This purposebuilt hunting chassis is designed to provide you with a lightweight and durable platform for your shooting needs. To ensure safe and effective use, please read and follow this safety instruction guide carefully.

## General Safety Guidelines

- Always treat your firearm and chassis as if they are loaded.
- Keep the chassis and firearm pointed in a safe direction at all times.
- Ensure that you are in a secure and controlled environment when handling the chassis and firearm.
- Store the chassis and firearm securely when not in use, out of reach of children and unauthorized users.
- Regularly inspect the chassis for any signs of wear or damage before each use.
- Use the chassis only with compatible firearms and accessories.
- Follow all local laws and regulations regarding the use of firearms and hunting equipment.

## Specific Safety Precautions for Use

- Ensure that the chassis is securely attached to the firearm before use.
- Do not exceed the manufacturer's weight limit for the chassis.
- Avoid using the chassis in extreme weather conditions that may compromise its integrity.
- Be aware of your surroundings and ensure that you have a clear line of sight when aiming and shooting.
- Always wear appropriate safety gear, including eye and ear protection, while using the chassis and firearm.
- Do not modify the chassis or firearm in a way that could compromise safety or performance.
- If you experience any malfunctions or issues with the chassis, cease use immediately and consult a qualified professional.

## Instructions for Installation and Usage

### Installation

1. **Prepare the Workspace:** Ensure you have a clean, flat surface to work on. Gather all necessary tools.
2. **Attach the Chassis:**
  - Align the MDT HNT chassis with the Remington 700 action.
  - Securely fasten the chassis to the action using the provided screws. Ensure they are tightened to the manufacturer's specifications.
3. **Install the Forend and Grip:**
  - Attach the carbon fiber forend to the chassis, ensuring a snug fit.
  - Install the carbon fiber grip, making sure it is securely attached.
4. **Attach the Buttstock:**
  - Align the foamfilled carbon fiber buttstock with the chassis.
  - Secure the buttstock using the appropriate screws, ensuring a tight fit.
5. **Final Inspection:**
  - Doublecheck all connections and ensure everything is secure before use.

### Usage

- Always ensure the firearm is unloaded before attaching or detaching the chassis.
- Familiarize yourself with the controls and features of the chassis before using it in the field.
- Practice shooting in a safe environment to get accustomed to the feel and handling of the chassis.
- Regularly clean and maintain the chassis to ensure optimal performance and safety.

## **Disposal Instructions**

- When disposing of the MDT HNT chassis, follow local regulations for the disposal of hunting equipment and materials.
- If the chassis is damaged beyond repair, ensure it is disposed of in a way that prevents it from being used improperly.
- Consider recycling components made from metal and carbon fiber where possible.

## **Contact Information for Further Support**

For any inquiries regarding safety, installation, or usage of the MDT HNT Chassis, please refer to the manufacturer's contact information provided at the point of purchase.

Thank you for your attention to these safety guidelines. Enjoy your hunting experience with the MDT HNT Chassis!
