

# Scout Precision Scope Rings 30mm - 25mm Low - Picatinny

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Mount Sets](#)

The GTS Scout Precision Scope Rings are engineered for shooters who demand maximum stability, precise optic alignment, and a professional-grade mounting solution for modern rifles. Designed as part of the Scout Series, these rings provide a rugged and repeatable foundation for LPVOs, precision optics, and tactical scope setups.

A defining feature of the Scout Precision design is the factory pre-lapped inner surface, ensuring optimal contact between ring and scope tube. This reduces stress on the optic, minimizes the need for additional lapping work, and supports consistent tracking performance and reliable return-to-zero behavior over time.

Machined to tight tolerances, the rings deliver secure clamping and dependable performance under recoil and demanding field conditions. The construction is finished in a stealthy, low-reflective matte anodized coating, reducing glare and unwanted reflections while providing additional surface protection against wear and corrosion.

Available in 30mm and 34mm tube diameters and in heights of 25mm, 32mm, and 37mm, the German Tactical Systems Scout Precision Scope Rings allow shooters to configure their rifle precisely to their optic and shooting position.

## Attributes

- Name: [Scout Precision Scope Rings 30mm - 25mm Low - Picatinny](#)
- Manufacturer: [GERMAN TACTICAL SYSTEMS](#)
- Product no.: EU2014624
- Mfr. No.: GTS-7534-L
- Colour: Black
- Delivery weight: 1kg
- Shipping height: 100mm
- Shipping width: 100mm
- Shipping length: 100mm
- UPC: 726529841015

# Safety Instructions for Scout Precision Scope Rings

## Introduction

Thank you for choosing the Scout Precision Scope Rings by German Tactical Systems. This guide provides essential safety information to ensure the proper use, installation, and maintenance of your scope rings. Please read this document carefully to maximize your safety and the performance of your product.

## General Safety Guidelines

- **Product Safety:** Ensure safe use of the Scout Precision Scope Rings by following all instructions provided. This product is designed for use with modern rifles and should be used as intended.
- **Enhanced Recalls:** If you receive a recall notice regarding this product, follow the instructions provided. You may be entitled to a free remedy.
- **Online Shopping:** If purchased online, ensure that the seller complies with EU safety requirements.
- **Special Consumer Focus:** Keep this product out of reach of children and vulnerable individuals to prevent accidents.
- **EU Contact Point:** For any safety inquiries, please refer to the appropriate EU contact point.
- **Rapid Alerts:** Stay informed about any updates on unsafe products via the EU Safety Gate system.

## Specific Safety Precautions for Use

- **Installation Precautions:**
  - Ensure that the rifle is unloaded before installing or adjusting the scope rings.
  - Use the appropriate tools as specified in the installation instructions to avoid damaging the rings or the rifle.
- **Usage Precautions:**
  - Regularly check the tightness of the scope rings to ensure they remain secure during use.
  - Avoid using the scope rings in extreme weather conditions without proper precautions.
  - Do not exceed the recommended weight limit for optics mounted on these rings.
- **Maintenance Precautions:**
  - Clean the scope rings with a soft, dry cloth to avoid scratching the surface.
  - Inspect the rings for any signs of wear or damage before each use.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the rifle is pointed in a safe direction, and it is unloaded.
- Position the scope rings on the rifle's Picatinny rail at the desired location.
- Align the scope tube with the rings, ensuring it is level and correctly positioned for your shooting stance.
- Secure the rings by tightening the screws evenly. Do not overtighten, as this may damage the rings or the rail.
- After installation, check the alignment of the scope before use.

### 2. Usage:

- Once installed, ensure that the scope is properly adjusted for eye relief and reticle alignment.
- Test the setup at a safe shooting range to confirm stability and performance.
- Make adjustments as necessary based on your shooting position and preferences.

## **Disposal Instructions**

- Dispose of the Scout Precision Scope Rings in accordance with local regulations for electronic waste and metal products.
- Do not dispose of the scope rings in regular household waste.
- Consider recycling the materials where possible.

## **Contact Information for Further Support**

For further assistance or inquiries about the Scout Precision Scope Rings, please refer to the manufacturer's website or contact the relevant support service in your region.

Thank you for your attention to these safety instructions. Enjoy your shooting experience with the Scout Precision Scope Rings!
