

# Henry Lever Takedown Screw Tool Less Cleaning - Henry Lever Takedown Screw RP Logo | Black Nitride

## [Shooting Accessories](#)

The oversized Henry Lever-Action Quick Takedown Screws allow for easy lever removal for thorough cleaning. They also make it simple to swap standard levers for larger loop levers, which are more comfortable to use with gloves or during Cowboy Action Shooting. They replace the original factory lever screw without any modification required.

Made from 4140 chromoly steel with a black nitride coating.

Compatible with: Henry H009 30-30, H010 45-70, H012 Henry Big Boy Steels, H014 Long Ranger Series (.243, .308, etc.), H018 .410, H024 Side Loading (.30-30 Win, .38-55 Win, .35 Rem)

NOT compatible with: Henry Long Rangers, Single Shots, or .22 rifles.

# Henry Lever Takedown Screw Tool Less Cleaning Safety Instructions

## Introduction

Thank you for choosing the Henry Lever Takedown Screw Tool Less Cleaning. This product is designed to enhance your leveraction firearm's usability and facilitate easy maintenance. To ensure safe and effective use, please read this safety instruction guide carefully.

## General Safety Guidelines

- Always handle your firearm with care, treating it as if it is loaded.
- Ensure that you are in a safe environment when using or cleaning your firearm.
- Keep this product out of reach of children and unauthorized users.
- Regularly inspect your tool for any signs of wear or damage before use.
- Follow all local laws and regulations regarding firearm maintenance and modifications.

## Specific Safety Precautions for Use

- Do not use this tool if you are unfamiliar with firearm maintenance or if you lack the necessary skills.
- Always wear appropriate safety gear, such as gloves and eye protection, during installation and cleaning.
- Ensure that the firearm is unloaded before attempting to remove or replace any screws.
- Avoid using excessive force when installing or removing screws to prevent damage to the firearm or tool.
- If you experience resistance while using the tool, stop immediately and reassess the situation.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that your firearm is completely unloaded.
- Gather all necessary tools and materials, including the Henry Lever Takedown Screw Tool.

### 2. Removing the Original Screw:

- Using the Henry Lever Takedown Screw Tool, gently unscrew the original factory lever screw.
- Set the original screw aside in a safe location.

### 3. Installing the New Screw:

- Align the oversized Henry LeverAction Quick Takedown Screw with the screw hole.
- Carefully screw it in by hand until it is snug. Do not overtighten.

### 4. Final Checks:

- Once installed, ensure that the lever operates smoothly.
- Perform a visual inspection to confirm that the screw is secure and properly aligned.

### 5. Cleaning:

- Use the tool to remove the lever for thorough cleaning as needed.
- Follow standard cleaning protocols for your firearm to maintain its condition.

## **Disposal Instructions**

- Dispose of any packaging materials in accordance with local regulations.
- If the product becomes damaged beyond repair, dispose of it responsibly, ensuring it does not pose a risk to the environment or others.

## **Contact Information for Further Support**

For any inquiries related to safety or product performance, please refer to the manufacturer's website or customer service for assistance.

By following these safety instructions, you can ensure a safer experience while using the Henry Lever Takedown Screw Tool Less Cleaning. Thank you for prioritizing safety and responsible firearm maintenance.
