

# Texas Lever Quick Takedown Screw Steel - Henry "Texas" Quick Takedown Lever Stainless

[Rifle Parts](#) > [Stock Parts](#)

Oversize quick-take-down screws for Marlin and Henry underlever repeaters allow for easy lever removal for thorough cleaning and easy replacement of standard levers with larger loop levers for gloved hands or cowboy action shooting. The large diameter and six points provide a non-slip grip during installation and removal. Replaces the original factory lever screw without modification. Constructed of polished stainless steel with proprietary Marlin .210-28 or Henry 10-32 thread pitch.

# Texas Lever Quick Takedown Screw Safety Instruction Guide

## Introduction

Thank you for choosing the Texas Lever Quick Takedown Screw. This product is designed to enhance the functionality of your Marlin and Henry underlever repeaters, allowing for easy lever removal and replacement. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- Ensure that all components are compatible with your firearm model before installation.
- Always handle firearms with care, following all standard safety procedures.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly check for any signs of wear or damage to the screws before use.
- In case of any accidents or unsafe product experiences, report them to local authorities.

## Specific Safety Precautions for Use

- Use the Texas Lever Quick Takedown Screw only for its intended purpose.
- Avoid using excessive force during installation or removal to prevent damage.
- Wear protective gloves if necessary to maintain a secure grip and prevent injury.
- Ensure the firearm is unloaded before attempting to install or remove the lever.
- Do not modify the screws or attempt to use them in any way other than as specified.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the firearm is completely unloaded.
- Gather necessary tools, including a screwdriver suitable for the screw head.

### 2. Removing the Original Lever Screw:

- Locate the original lever screw on your firearm.
- Using the appropriate screwdriver, carefully unscrew and remove the original lever screw.
- Set the original screw aside in a safe location.

### 3. Installing the Texas Lever Quick Takedown Screw:

- Align the Texas Lever Quick Takedown Screw with the lever assembly.
- Insert the screw into the designated hole.
- Using the screwdriver, tighten the screw securely, ensuring it is not overtightened.

### 4. Testing the Installation:

- Gently pull on the lever to ensure it operates smoothly.
- Check that the screw is securely in place and that there is no movement.

### 5. Regular Maintenance:

- Periodically inspect the screw for any signs of wear or looseness.
- Retighten the screw if necessary, following the same installation steps.

## **Disposal Instructions**

- Dispose of any packaging materials responsibly, following local recycling guidelines.
- If the product is damaged or no longer in use, dispose of it in accordance with local waste management regulations.
- Do not dispose of the product in a manner that could pose a hazard to the environment or public safety.

## **Contact Information for Further Support**

For any inquiries or further assistance regarding the Texas Lever Quick Takedown Screw, please reach out to your local retailer or manufacturer. Ensure you have the product details ready for a more efficient response.

By following these guidelines, you can ensure the safe and effective use of the Texas Lever Quick Takedown Screw, enhancing your shooting experience while prioritizing safety. Thank you for your attention to these important safety instructions.
