

ACC Premier Gen 2 - MDT Chassis - ACC Premier Gen 2 - Howa 1500 - SA - RH - CCG

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The MDT ACC Premier GEN2 Chassis makes it easy. It features a compact 15" forend—ideal for barrels starting at 17"—with a wide, thick, flat profile designed to eliminate flex and torsion. Whether you're shooting off barricades or PRS props, you get a rock-solid, no-shift platform.

The full-length integrated ARCA rail offers instant compatibility with bipods and tripods, helping you lock in that perfect shooting position.

Inside, precision V-Block bedding secures your action in place. This machined V-shaped block ensures consistent contact between action and chassis, drastically reducing movement under recoil and enhancing repeatable accuracy.

Installation? Dead simple. Just drop in your action and tighten two screws—no gunsmith required. Pair it with MDT's weight kits and tune your rifle's balance to perfection.

Safety Instruction Guide for ACC Premier Gen 2 MDT Chassis

Introduction

Thank you for choosing the ACC Premier Gen 2 MDT Chassis for your Howa 1500 rifle. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your product. Please read this document carefully before installation and use.

General Safety Guidelines

- Always ensure that the rifle is unloaded before handling or installing the chassis.
- Keep the chassis and rifle out of reach of children and unauthorized users.
- Inspect the chassis for any damage or defects before use.
- Use the chassis only for its intended purpose as described in this guide.
- Follow all local laws and regulations regarding firearm use and safety.
- Report any unsafe products or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- **Installation Safety:** Ensure that you are working in a safe environment free from distractions. Use appropriate tools when installing the chassis.
- **Handling:** Always handle your rifle and chassis with care. Treat every firearm as if it is loaded.
- **Shooting Position:** When shooting, ensure that the area is clear of people and obstacles. Use proper shooting techniques and positions.
- **Recoil Management:** Be aware of the recoil generated by your rifle. Ensure that the chassis is securely installed to minimize movement during firing.
- **Weight Kits:** If using MDT's weight kits, ensure they are properly installed and do not exceed the recommended limits for your chassis.

Instructions for Installation and Usage

1. Installation of the Chassis:

- Ensure the rifle is unloaded and the safety is engaged.
- Remove the original stock from the rifle according to the manufacturer's instructions.
- Place the action into the machined Vblock of the chassis.
- Tighten the two screws to secure the action in place. Ensure the screws are tightened to the recommended torque specifications.
- Attach any additional components, such as the ARCA rail or weight kits, as needed.

2. Usage:

- Once installed, perform a function check to ensure the rifle operates correctly within the chassis.
- Adjust the bipod or tripod as necessary for your shooting position.
- Regularly inspect the chassis for any signs of wear or damage before each use.

Disposal Instructions

- When disposing of the chassis, follow local regulations for the disposal of nonfood products.
- If the chassis is damaged beyond repair, consider recycling the materials where possible.
- Ensure that any components that could pose a safety risk are disposed of safely.

Contact Information for Further Support

For further support or safety inquiries regarding the ACC Premier Gen 2 MDT Chassis, please refer to the manufacturer's contact details provided with your product packaging or visit the official website.

By following these safety instructions, you can ensure a safe and enjoyable experience with your ACC Premier Gen 2 MDT Chassis. Thank you for your attention to safety and compliance with the EU General Product Safety Regulation.
