

# Chassis - HNT-26 - Rem 700 - LA - CIP LH - Folding ARCA - BCF

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

For years, MDT chassis systems have dominated the world of sport and tactical shooting. But when hunters started choosing our lightweight LSS for the backcountry, we listened. The result? The MDT HNT26—our first chassis built from the ground up with hunters in mind.

The HNT26 combines cutting-edge materials with the performance features you expect: V-block bedding, adjustable length of pull and comb height, and full AICS magazine compatibility—all in an ultra-lightweight package.

The core is a precision-machined magnesium alloy base. Every touch point—forearm, grip, buttstock—is crafted from lightweight carbon fiber. The carbon construction not only cuts weight, but also eliminates the cold-metal feel during harsh conditions. Need more versatility? Choose the optional folding buttstock for compact storage or go with the integrated ARCA forend for seamless tripod mounting.

# MDT Chassis HNT26 Safety Instruction Guide

## Introduction

Congratulations on your purchase of the MDT Chassis HNT26! This chassis is designed specifically for hunters, combining lightweight materials with performance features. To ensure your safety and the optimal use of this product, it is essential to follow the guidelines outlined in this document.

## General Safety Guidelines

- Always read and understand the safety instructions before using the MDT Chassis HNT26.
- Ensure that the product is used only for its intended purpose.
- Keep the chassis out of reach of children and other vulnerable individuals.
- Regularly inspect the chassis for any signs of wear or damage before each use.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Stay informed about recalls or safety alerts related to this product through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Weight Handling:** Be aware of the lightweight construction of the chassis. Ensure that you are familiar with handling lightweight equipment safely.
- **Cold Weather Use:** The carbon fiber construction may feel cold in low temperatures. Use gloves or protective gear when handling the chassis in harsh conditions.
- **Assembly and Disassembly:** Follow the installation instructions carefully to avoid accidents during assembly or disassembly.
- **Folding Mechanism:** If using the optional folding buttstock, ensure it is securely locked in place before use to prevent accidental folding during operation.
- **Tripod Mounting:** When using the integrated ARCA forend for tripod mounting, ensure that the tripod is stable and secure to prevent tipping or falling.

## Instructions for Installation and Usage

### 1. Installation:

- Carefully unpack the MDT Chassis HNT26 and inspect for any damage.
- Follow the manufacturer's instructions for installing the chassis onto your firearm.
- Ensure that all screws and fittings are tightened properly to maintain stability.

### 2. Usage:

- Adjust the length of pull and comb height according to your personal preference before use.
- When using the chassis, maintain a firm grip and proper stance to ensure stability and control.
- Always ensure that the firearm is pointed in a safe direction when handling.

### 3. Maintenance:

- Regularly clean the chassis with a soft cloth to remove dirt and debris.
- Inspect the chassis for any signs of wear and tear, particularly at touch points such as the forearm, grip, and buttstock.
- If any part of the chassis appears damaged or worn, discontinue use and consult a professional for repairs.

## **Disposal Instructions**

- Dispose of the MDT Chassis HNT26 in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- If the chassis is no longer usable, consider recycling it where facilities are available to reduce environmental impact.

## **Contact Information for Further Support**

For any questions or concerns regarding the MDT Chassis HNT26, please refer to the manufacturer's contact information provided with the product packaging or visit the manufacturer's website for more details.

Stay safe and enjoy your hunting experience with the MDT Chassis HNT26!
