

Ballistic Sunglasses - Smoke Graphite

[Shooting Accessories](#) > [Ear & Eye Protection](#) > [Shooting Glasses](#)

The GTS Ballistic Sunglasses combine certified eye protection with a classic, everyday sunglass design. Built for shooters, outdoor users, and professionals who require both safety and style, they deliver dependable impact resistance without the aggressive look of traditional range eyewear.

The lenses are manufactured from ballistic-resistant material designed to withstand high-speed impacts and are certified to EN 166 CE, meeting European standards for protective eyewear.

Due to the traditional sunglass frame design and lateral construction, the glasses do not carry the additional "F" marking. However, the ballistic lens material provides reliable impact protection comparable to dedicated shooting eyewear, making them suitable for demanding environments while remaining comfortable for daily wear.

All lens variants feature a high-quality Revo mirror coating, reducing glare and enhancing visual clarity in bright conditions. This improves contrast, minimizes eye fatigue, and ensures comfortable vision during extended outdoor use.

Available lens options:

- Smoke Graphite: Ideal for strong sunlight and bright outdoor environments
- Blue Mirror: Designed for glare-heavy conditions and reflective surfaces
- Bronze Mirror: Enhances contrast and depth perception in variable light

The result is a protective performance sunglass that offers certified safety, ballistic-capable lenses, and a clean, versatile look suitable for both the range and everyday life.

Safety Instruction Guide for Ballistic Sunglasses Smoke Graphite

Introduction

Thank you for choosing the GTS Ballistic Sunglasses. These sunglasses are designed to provide certified eye protection while maintaining a stylish and comfortable fit for everyday use. It is important to read and understand this safety instruction guide to ensure safe and effective use of the product.

General Safety Guidelines

- **Product Safety:** These sunglasses are designed to meet rigorous safety standards. Ensure that you use them as intended to avoid any risks.
- **Enhanced Recalls:** In the unlikely event of a product recall, you will be notified through standardized notices. Please follow any instructions provided for remedies.
- **Online Shopping:** If purchased online, be assured that the same safety protections apply as if you purchased from a physical store.
- **Special Consumer Focus:** Extra precautions should be taken when these sunglasses are used by children or vulnerable individuals.
- **EU Contact Point:** For any safety inquiries, please refer to the designated EU contact point.
- **Rapid Alerts:** Stay informed about product safety by checking the EU's Safety Gate platform for updates on unsafe products.

Specific Safety Precautions for Use

- **Impact Resistance:** The lenses are made from ballistic-resistant material. However, avoid exposing the sunglasses to extreme conditions that could compromise their integrity.
- **Proper Fit:** Ensure that the sunglasses fit comfortably and securely on your face to maximize protection.
- **Avoid Modifications:** Do not alter or modify the sunglasses in any way, as this may reduce their protective capabilities.
- **Regular Inspection:** Periodically check the sunglasses for any signs of damage or wear. If damaged, discontinue use immediately.
- **Use in Appropriate Conditions:** Use the sunglasses in environments suitable for their design, such as outdoor shooting ranges or bright sunlight.

Instructions for Installation and Usage

- **Wearing the Sunglasses:**

1. Place the sunglasses on your face, ensuring they sit comfortably on the bridge of your nose and around your ears.
2. Adjust the arms of the sunglasses so that they rest securely without pinching or discomfort.

- **Cleaning the Lenses:**

1. Use a microfiber cloth to gently wipe the lenses.
2. Avoid using abrasive materials or harsh chemicals that may scratch or damage the lens coating.

- **Storage:**

1. Store the sunglasses in a protective case when not in use to prevent scratches and damage.
2. Keep them in a cool, dry place away from direct sunlight to avoid warping or degradation of materials.

- **Usage in Different Conditions:**

- **Smoke Graphite Lenses:** Ideal for strong sunlight and bright outdoor environments.
- **Blue Mirror Lenses:** Best for glareheavy conditions and reflective surfaces.
- **Bronze Mirror Lenses:** Suitable for enhancing contrast and depth perception in variable light.

Disposal Instructions

- **End of Life:** When the sunglasses reach the end of their life cycle, dispose of them responsibly. Check local regulations for proper disposal methods for plastic and optical materials.
- **Recycling:** If possible, recycle the sunglasses according to local recycling programs to minimize environmental impact.

Contact Information for Further Support

For any further inquiries or safety concerns, please refer to the appropriate contact resources available in your region. Always ensure you are following the most updated guidelines and recommendations regarding product safety.

Thank you for prioritizing your eye safety with GTS Ballistic Sunglasses. Enjoy your outdoor activities while keeping your vision protected!
