

Ballistic Sunglasses - Blue Mirror

[Shooting Accessories](#) > [Ear & Eye Protection](#) > [Shooting Glasses](#)

The GTS Ballistic Sunglasses combine certified eye protection with a classic, everyday sunglass design. Built for shooters, outdoor users, and professionals who require both safety and style, they deliver dependable impact resistance without the aggressive look of traditional range eyewear.

The lenses are manufactured from ballistic-resistant material designed to withstand high-speed impacts and are certified to EN 166 CE, meeting European standards for protective eyewear.

Due to the traditional sunglass frame design and lateral construction, the glasses do not carry the additional "F" marking. However, the ballistic lens material provides reliable impact protection comparable to dedicated shooting eyewear, making them suitable for demanding environments while remaining comfortable for daily wear.

All lens variants feature a high-quality Revo mirror coating, reducing glare and enhancing visual clarity in bright conditions. This improves contrast, minimizes eye fatigue, and ensures comfortable vision during extended outdoor use.

Available lens options:

- Smoke Graphite: Ideal for strong sunlight and bright outdoor environments
- Blue Mirror: Designed for glare-heavy conditions and reflective surfaces
- Bronze Mirror: Enhances contrast and depth perception in variable light

The result is a protective performance sunglass that offers certified safety, ballistic-capable lenses, and a clean, versatile look suitable for both the range and everyday life.

Safety Instruction Guide for GTS Ballistic Sunglasses Blue Mirror

Introduction

Thank you for choosing the GTS Ballistic Sunglasses. These sunglasses are designed to provide certified eye protection while maintaining a stylish appearance suitable for everyday use. They are ideal for shooters, outdoor enthusiasts, and professionals requiring both safety and comfort. This guide provides essential safety instructions and guidelines to ensure the safe use of your ballistic sunglasses.

General Safety Guidelines

- Ensure that the sunglasses are used in accordance with the manufacturer's instructions to maximize safety and effectiveness.
- Regularly inspect the sunglasses for any signs of damage or wear. If damaged, discontinue use immediately.
- Keep the sunglasses out of reach of children and pets to prevent accidental injury or damage.
- Be aware of your surroundings and avoid using the sunglasses in situations where visibility is compromised.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- **Impact Resistance:** The lenses are made from ballistic-resistant material. Avoid exposing the lenses to sharp objects or extreme conditions that may compromise their integrity.
- **Usage Conditions:** Use the sunglasses in environments suitable for their design. They are ideal for outdoor activities but should not be used in situations that require specialized eyewear.
- **Glare Protection:** The blue mirror coating is designed for glare-heavy conditions. Ensure you are using the appropriate lens variant for your environment:
 - Smoke Graphite: Best for strong sunlight.
 - Blue Mirror: Ideal for glare-heavy conditions.
 - Bronze Mirror: Enhances contrast in variable light.
- **Cleaning:** Clean the lenses with a microfiber cloth. Avoid using abrasive materials or harsh chemicals that may damage the lens coating.

Instructions for Installation and Usage

1. Wearing the Sunglasses:

- Ensure the sunglasses fit comfortably on your face without slipping or pinching.
- Adjust the arms of the sunglasses if necessary for a secure fit.

2. Storage:

- Store the sunglasses in a protective case when not in use to prevent scratches and damage.
- Keep the sunglasses in a cool, dry place away from direct sunlight to maintain lens quality.

3. Maintenance:

- Regularly clean the lenses with a soft, lint-free cloth.
- Inspect the frame and lenses for cracks or damage before each use.

Disposal Instructions

- When the sunglasses reach the end of their life or are damaged beyond repair, dispose of them responsibly.
- Check local regulations for proper disposal methods for eyewear, as some components may be recyclable.
- Do not throw sunglasses in regular waste if they can be recycled.

Contact Information for Further Support

For any inquiries or concerns regarding the use of your GTS Ballistic Sunglasses, please refer to the manufacturer's contact information located on the product packaging or visit their official website.

By following these safety guidelines and instructions, you can ensure a safe and enjoyable experience with your GTS Ballistic Sunglasses. Thank you for your attention to these important safety measures.
