# Chronographs Magneto Speed V3 Safety Instruction Guide

## Introduction

Thank you for choosing the MagnetoSpeed V3 Chronograph. This guide provides essential safety instructions to ensure the safe use and operation of your device. Please read this guide carefully before using the product and keep it for future reference.

## General Safety Guidelines

- Ensure safe use of the MagnetoSpeed V3 by following these guidelines:
  - Only use the device as intended and described in this manual.
  - Keep the device out of reach of children to prevent accidents.
  - Inspect the device for any damage before use. Do not use if damaged.
  - Follow all local regulations regarding the use of chronographs and shooting equipment.
  - Be aware of your surroundings and ensure a safe shooting environment.

## Specific Safety Precautions for Use

- When using the MagnetoSpeed V3, observe the following safety precautions:
  - Always wear appropriate eye protection while using the device.
  - Ensure that the chronograph is securely mounted and stable before taking measurements.
  - Avoid placing your hands or body in front of the device during operation.
  - Do not attempt to modify or repair the device yourself. Contact a qualified technician for repairs.
  - Be cautious of the battery compartment; ensure it is closed securely to avoid battery leakage.

## Instructions for Installation and Usage

### 1. Installation:

- Choose a stable and flat surface for mounting the device.
- Use the heavyduty mounting system to securely attach the MagnetoSpeed V3.
- Adjust the position of the device to ensure alignment with the shooting path.

### 2. Powering the Device:

- Open the battery compartment by following the instructions in the manual.
- Insert either a 9volt battery or two CR123 batteries, ensuring correct polarity.
- Close the battery compartment securely.

### 3. Operating the Device:

- Turn on the device using the threebutton menu system.
- Select the desired firing mode using the menu buttons.
- Follow the onscreen prompts for data capture and diagnostics.
- For rapid fire mode, ensure that the device is set up correctly to track shot rates.

### 4. Data Management:

- Download firmware updates as needed to enhance functionality.
- Review captured data through the device's display for analysis.

## **Disposal Instructions**

- Proper disposal of the MagnetoSpeed V3 and its components is essential:
  - Do not dispose of the device with regular household waste.
  - Follow local regulations for electronic waste disposal.
  - Remove batteries before disposal and recycle them according to local guidelines.

## **Contact Information for Further Support**

- For any safety inquiries or assistance, please contact the manufacturer or your local distributor. Ensure that you have the model number and any relevant details ready for faster assistance.

Thank you for your attention to these safety instructions. Enjoy your experience with the MagnetoSpeed V3 Chronograph and use it responsibly.
