

# Accessories - Chronographs - MagnetoSpeed XFR Adapter

[Shooting Accessories](#) > [Range Gear](#) > [Chronographs](#)

The MagnetoSpeed XFR Adapter allows users of Sporter or V3 displays to transfer shot strings directly to Android or iOS devices. Once transferred, shot strings can be saved, edited, and emailed. Additionally, the display can be configured (units, sensitivity) and reset via the app.

Important Note: The XFR app currently does not function on Android devices, but a fix is planned. iOS users are not affected.

Compatibility:

Compatible: Sporter and V3 displays (V3 requires current firmware)

Not compatible: V1 and V2 displays

# Safety Instruction Guide for MagnetoSpeed XFR Adapter

## Introduction

Thank you for choosing the MagnetoSpeed XFR Adapter. This guide provides essential safety instructions and information to ensure safe and effective use of the product. Please read this guide carefully before using the adapter to understand the safety precautions and operational procedures.

## General Safety Guidelines

- Ensure that the MagnetoSpeed XFR Adapter is used only for its intended purpose as described in the product specifications.
- Always keep the device out of reach of children and vulnerable individuals.
- Regularly inspect the device for any signs of damage or wear. If any damage is found, discontinue use immediately.
- Be aware of your surroundings while using the device to avoid accidents and injuries.
- Follow any specific safety instructions provided by the manufacturer.

## Specific Safety Precautions for Use

- **Compatibility:** Ensure that your display is compatible with the MagnetoSpeed XFR Adapter. The adapter is compatible with Sporter and V3 displays (V3 requires current firmware). It is not compatible with V1 and V2 displays.
- **Device Safety:** The XFR app currently does not function on Android devices. iOS users are not affected. Ensure you are using a compatible device for optimal performance.
- **Electrical Safety:** Avoid exposing the adapter to moisture or extreme temperatures. Do not attempt to disassemble or modify the adapter.
- **Data Management:** When transferring shot strings to your device, ensure that you follow the app's instructions to prevent data loss or corruption.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure your display is powered off before connecting the MagnetoSpeed XFR Adapter.
- Connect the adapter to the appropriate port on your Sporter or V3 display.
- Power on the display and ensure that it is functioning correctly.

### 2. Using the Adapter:

- Download and install the XFR app from the appropriate app store (iOS only).
- Open the app and follow the onscreen instructions to pair your device with the adapter.
- Begin your shooting session and allow the adapter to capture shot strings.
- Once completed, use the app to transfer the shot strings to your device.
- Save, edit, and email the shot strings as needed.

### 3. Resetting the Display:

- Use the app to configure settings such as units and sensitivity.
- Follow the app's instructions to reset the display if necessary.

## Disposal Instructions

- When disposing of the MagnetoSpeed XFR Adapter, follow your local regulations regarding electronic waste.
- Do not dispose of the adapter in regular household waste.
- Consider recycling the device if possible to minimize environmental impact.

## Contact Information for Further Support

For any safety inquiries or further support regarding the MagnetoSpeed XFR Adapter, please refer to the manufacturer's contact information available on the product packaging or official website.

## Conclusion

By following these safety guidelines and instructions, you can ensure the safe and effective use of the MagnetoSpeed XFR Adapter. Always prioritize safety and compliance with local regulations when using this product. Thank you for your attention to these important safety instructions.
