

## Accessories - Chronographs - Magnetospeed Mount+Arca Clamp-GRYOPS

### [Shooting Accessories](#)

Use your MagnetoSpeed® V3 Chronograph without affecting your firearm barrel's harmonics with the MagnetoSpeed CNC Machined Off Barrel Mount with Arca Swiss Clamp from Gray Ops. Ergonomic adjustment knobs ensure easy and comfortable adjustments, while a rigid design provides minimal movement after the setup is complete. What's more, the Atlas-style footprint allows you to mount either a QD throw lever or any other Atlas-compatible clamp for even more versatility when mounting to your rifle. Plus, this mount includes an Arca Swiss Clamp for even more versatility when mounting this barrel mount. This mount is fully adjustable for any barrel length attaches directly to your firearm's chassis and extends the V3 bayonet to your firearm's muzzle. Featuring 6061 aluminum construction, this mount is designed for unmatched strength so it can stand up to even the harshest of recoil. Further, black and red anodizing on aluminum parts with black nitride on the steel rods offers superior corrosion-resistance so you can use this mount in virtually any shooting environment. # Safety Instruction Guide for MagnetoSpeed® V3 Chronograph Mount

## Introduction

Thank you for choosing the MagnetoSpeed® V3 Chronograph Mount with Arca Clamp from Gray Ops. This product is designed to enhance your shooting experience while ensuring safety and reliability. Please read this safety instruction guide carefully to ensure proper use and maintenance of the product.

## General Safety Guidelines

- Always follow the manufacturer's instructions for use and installation.
- Ensure the product is suitable for your firearm and intended use.
- Regularly inspect the mount for signs of wear or damage before use.
- Use the mount only for its intended purpose; do not modify it.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Stay informed about product recalls via the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Ensure the firearm is unloaded before attaching or detaching the mount.
- Do not use the mount if any part is damaged or missing.
- Avoid using the mount in extreme weather conditions that may affect performance.
- Be cautious when adjusting the mount; ensure your hands are clear of moving parts.
- Do not exceed the recommended barrel length for the mount.
- Always check that the mount is securely attached before firing.

## Instructions for Installation and Usage

### 1. Installation

- Ensure your firearm is unloaded and pointed in a safe direction.
- Attach the MagnetoSpeed mount to the firearm's chassis, aligning it with the barrel.
- Use the ergonomic adjustment knobs to secure the mount in place.
- Ensure that the V3 bayonet extends to the firearm's muzzle without obstruction.
- Doublecheck that all connections are tight and secure before proceeding.

### 2. Usage

- After installation, ensure the mount is stable and does not move during use.
- When using the chronograph, follow the specific instructions provided with the device for accurate readings.
- Adjust the mount as necessary for optimal performance, ensuring it remains secure throughout use.
- Always monitor the mount for any signs of wear or instability during use.

## Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in household waste.
- Consider recycling any metal components where possible.
- For further disposal guidance, consult your local waste management authority.

## **Contact Information for Further Support**

For any inquiries regarding safety, usage, or product support, please refer to the manufacturer's contact point as provided in the product packaging or documentation.

Thank you for prioritizing safety while using the MagnetoSpeed® V3 Chronograph Mount. Your adherence to these guidelines will help ensure a safe and enjoyable shooting experience.
