# Safety Instruction Guide for Kestrel KST1000 Shot Timer Match Pack

## Introduction

Thank you for choosing the Kestrel KST1000 Shot Timer Match Pack. This product is designed to enhance your shooting experience while ensuring safety during training and competitions. This guide provides essential safety instructions and guidelines to ensure the safe use of the KST1000 Shot Timer.

## General Safety Guidelines

- Always read and understand the user manual before using the product.
- Ensure that the product is used only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product regularly for any signs of damage or wear.
- If any part of the product is damaged, discontinue use immediately and contact the manufacturer.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Use the KST1000 Shot Timer in a safe environment, away from distractions and hazards.
- Ensure that the area is clear of bystanders during operation.
- Do not use the product in wet conditions unless specified as waterproof.
- Avoid exposing the product to extreme temperatures or direct sunlight for extended periods.
- Always follow safety guidelines for dryfire training and suppressed shooting.
- Use the product only with compatible devices and accessories.
- Ensure that the audible start signal is clearly heard before commencing shooting.

## Instructions for Installation and Usage

### Installation

#### 1. Unpack the Product:

- Carefully remove the KST1000 Shot Timers and transport case from the packaging.
- Inspect all items for any damage during shipping.

#### 2. Charging the Device:

- Before first use, charge the KST1000 Shot Timer according to the manufacturer's instructions.
- Use only the provided charging cable and adapter.

#### 3. Setting Up:

- Choose between handheld or beltmounted operation based on your preference.
- Configure the device settings according to your training needs using the programmable preset modes.

### Usage

#### 1. Powering On:

- Press the power button to turn on the KST1000 Shot Timer.
- Wait for the device to initialize.

## 2. Selecting Modes:

- Use the mode selection button to choose the desired preset mode.
- Follow the onscreen instructions for configuration.

## 3. Starting the Timer:

- Ensure the area is clear and safe before starting.
- Activate the timer by following the audible start signal.

## 4. Monitoring Performance:

- Pay attention to the timer display for feedback on your performance.
- Use the Bluetooth feature to connect to compatible devices for data analysis.

## 5. Powering Off:

- After use, press the power button to turn off the device.
- Store the KST1000 Shot Timer in its transport case to protect it from damage.

## Disposal Instructions

- Dispose of the KST1000 Shot Timer and its components in accordance with local regulations.
- Do not dispose of electronic devices with regular household waste.
- Check with local waste management authorities for proper disposal methods.

## Contact Information for Further Support

For any questions or concerns regarding the Kestrel KST1000 Shot Timer Match Pack, please refer to the manufacturer's website or customer support resources for assistance.

By following these safety instructions, you can ensure a safe and enjoyable experience with your Kestrel KST1000 Shot Timer Match Pack. Always prioritize safety and stay informed about product updates and recalls. Thank you for your attention to these important guidelines.
