Compatible with all 9mm CZ Scorpion models, including the Scorpion 3+ Micro
Not compatible with the .22 LR version

With the wide range of accessories and upgrades available for the CZ Scorpion platform, its popularity as a highly customizable firearm is easy to understand. From braces, grips, and handguards to magazines, safeties, magazine releases, and charging handles—nearly every component can be tailored to the shooter.

Yet one of Timney's core principles still applies: "A fine rifle or pistol is no better than its trigger."

Precision-engineered and meticulously machined, the Timney CZ Scorpion Trigger is designed to significantly enhance accuracy and shooting performance. The trigger pull weight is user-selectable, allowing you to choose between 3-3.5 lbs or 5-5.5 lbs, depending on your preference and application.

As with all Timney products, each trigger is hand-assembled, tested, and calibrated specifically for the firearm it is intended for before leaving the factory. This commitment ensures consistent performance and long-term reliability.
